Yearbook Production Team

# The Board of Directors

An action packed and very productive school year is drawing to a close and before we depart for the summer holidays, we want to take a moment to both reflect on the progress our school has made as well as look forward to where we are headed in the coming year.

We want to thank each of our dedicated, talented and energetic teachers and staff who have worked tirelessly this year to inspire and motivate our students to learn and develop. Educating children is a monumental and often tiring job and we want you, our teachers, to know that the daily efforts you make to prepare and deliver effective and engaging lessons, provide academic support to individual students and advise and mentor students as they grow and develop into young adults are recognised and appreciated. We are proud of the work you do and we are glad that you have chosen to be a part of the HeadStart Team. We wouldn't be the school we are today without you.

This Yearbook showcases the active learning environment and vibrant community that our school has become. We hope you will enjoy the pictures of happy, confident students engaged and inspired to learn. Each year, our students improve and better the results of the classes that have come before them and this year they have continued with that tradition.

The development and expansion of the school has progressed well and the new facilities will be ready to open for the start of the coming academic year. The new classrooms and facilities have enabled us to expand the number of programmes and subjects we offer our students. The added rooms and resources will also enable us to improve the quality of teaching and learning particularly in subjects such as Art, Music, Science, Drama and Dance. The new facilities will also provide more adequate private study space for our Sixth Form students and will also allow us to accept new students and families to join our school community.

The new facilities to look forward to include: 3 new dance rooms fitted out with wooden floors and mirrors, a dedicated Drama studio, 3 music classrooms, 3 music/instrument practice rooms, 3 large art classrooms, a larger Examinations/Performance Hall, a dedicated Sixth Form study room, additional Maths, English and Language rooms, larger Science labs and a much larger prep room, additional parking, solar panelling for electricity, covered parking, a new staff room and expanded dining facilities to accommodate up to 100 more students.

We would like to thank each family who has been part of our journey, and welcome the ones who have joined us more recently. Your continued support and participation in your child's education through the many programmes and activities throughout the year leaves a lasting effect in their lives and on our community. - **HeadStart Board of Directors**

# Head Boys & Head Girls

# Student Leadership

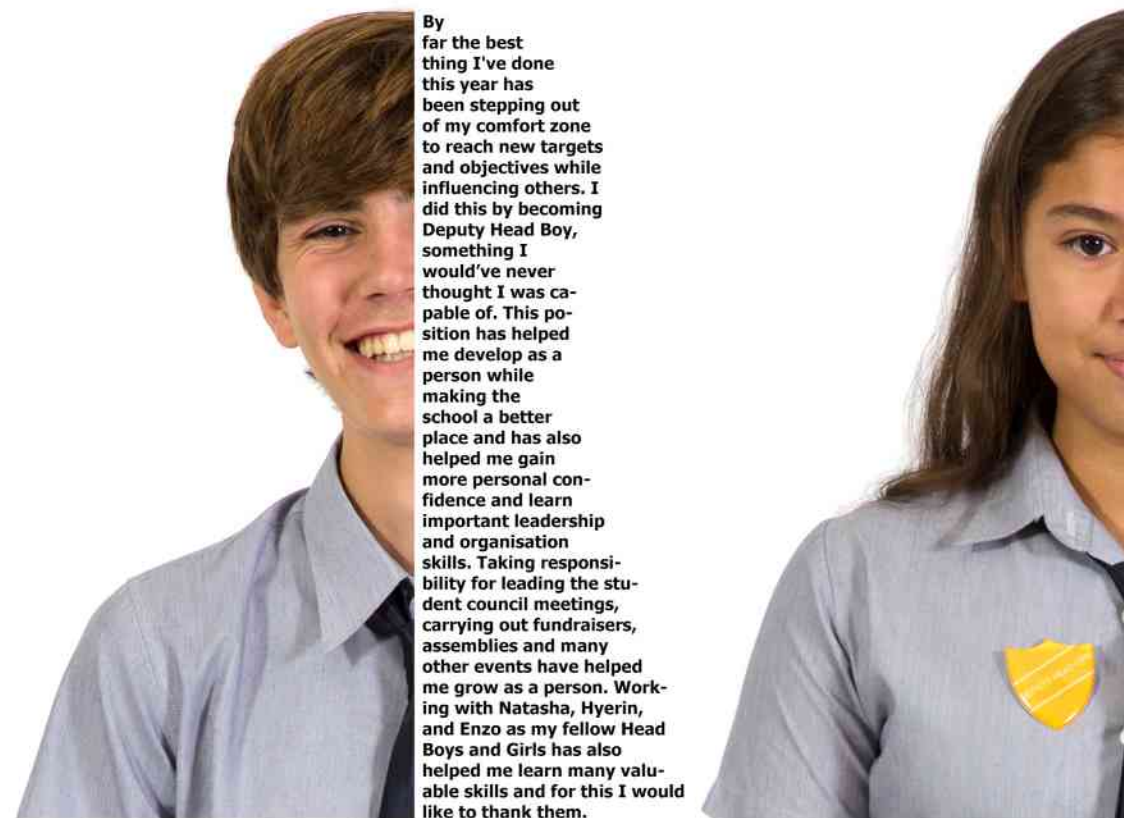

After being in this school since the early days of the homes-school, and my older brother being Head Boy years before me, it felt right to take on this role and the responsibility it carries. I've absolutely enjoyed having the students give in their thoughts for games for the charities, yearbook themes, and future projects in the school. Having the Student Council and Prefects being more approachable has always been my goal and now I'm sure we've made a positive change. I'm thankful for my friends and teachers who helped me along this journey and helped me prepare for the next stage of my education.

Being the Head Girl of this academic year has been challenging, yet it has also been an experience for me to step out of my comfort zone and to take a more active role within the student body. As the Head Girl, I participated in various school events which I could not have imagined when I came to HeadStart in 2012. This taught me the importance of communication, especially between myself, the Head Boy and the two deputies. Although it was not the easiest job ever, I learnt priceless lessons through this and feel honoured to have left an impact on the school and the HeadStart community before graduating.

**Enzo Couture**  
Head Boy

**Hyerin Cho**  
Head Girl

By far the best thing I've done this year has been stepping out of my comfort zone to reach new targets and objectives while influencing others. I did this by becoming Deputy Head Boy, something I would've never thought I was capable of. This position has helped me develop as a person while making the school a better place and has also helped me gain more personal confidence and learn important leadership and organisation skills. Taking responsibility for leading the student council meetings, carrying out fundraisers, assemblies and many other events have helped me grow as a person. Working with Natasha, Hyerin and Enzo as my fellow Head Boys and Girls has also helped me learn many valuable skills and for this I would like to thank them.

Being Deputy Head Girl has been amazing. From leading student council meetings, giving speeches, helping out at parent meetings, and at successful charity events for the Red Cross and Bohdi dog shelter. It's been very a challenging but rewarding and eye-opening experience. I've learned so much more about leadership, teamwork and responsibility. It has been an honor to work alongside Marco as the Deputy Heads, and Enzo and Hyerin as Head Boy and Head Girl. This was a unique experience that I am incredibly grateful for. I hope that I have positively impacted the people I have met along the way.

**Marco Bokobza De La Rosa**  
Deputy Head Boy

**Nattanicha Chaloeamtom**  
Deputy Head Girl

**Year 11 Prefects :** Cecile Cortez; Peter Guglielmi; Azra Anderson; Anton Kvitkin; Julianna Mester; Sarah Ngarmseang; Jinna Phaisamran; Alexandre Pravin; Hyeon Song; Nyke Van der Laan; Eve Whittaker; Maria Bessanova, **Senior Prefects** Jonathan; Elliott Lovotti; Jenny Park; Nikol Smirnovaite; Paola Stoffel; Bomnuri Kim; Jiraya Prieur; Andrea Martinez; Natalia Kotova

<p><b>Andrea</b> - I have enjoyed my time as a Prefect. Taking part in the charities and events that took place in this school year. It has given me an opportunity to help the school and to take some responsibility in addition to my daily school work.</p>	<p><b>Lisa</b> - The biggest mistake you can make is to assume that others have been through the same challenges and blessings as you.</p>
<p><b>Elliot</b> - My involvement with the music department has been successful and has encouraged the learning of new instruments to more students. Opening up a new yet often overlooked skill to them.</p>	<p><b>Jenny</b> - I have thoroughly enjoyed my time being a Prefect, especially my interactions with students and teachers while organising events. This has helped to improve my confidence and sense of responsibility.</p>
<p><b>Jiraya</b> - It has been an honour to have been a Prefect, learning life lessons such as taking responsibilities seriously and building friendships with the students and the teachers.</p>	<p><b>Jonathan</b> - I have enjoyed helping the music department backstage during events and I am looking forward to being involved in more in the future.</p>
<p><b>Nikol</b> - Being a part of the Senior Prefects allowed me to get a closer look at HeadStart's community from another perspective. I truly tried my best to help improve it on a daily basis. This has brought me closer to other students around the school.</p>	<p><b>Paola</b> - Being a senior Prefect this year I have helped guide other students in feeling comfortable being at HeadStart. It has taught me that with effort comes reward, as the students I've helped always appreciated it, and always remembered it.</p>

# Student Council

**Year 5:** Scotty Parkinson; Mika Caspi; Federico Solaroli; Alan Na Takuatoong, **Year 6:** Lucky Diamond; Abbie Page; Archie Barrett; Apisara Ngarmseang, **Year 7:** Charles Callens; Dayu Kim; Jamie Udomritkul; Jessica Rich, **Year 8:** Aneeta Mettapanyalert; Niki Kasatkin; Denis Solodkov; Mimi Ngernanek, **Year 9:** Harry Darton; Esther Herbold; Nutch Phaisamran; Nicholas Gold; Anna Mali, **Year 10:** Lucy Mester; Brendon Boyle; Anna Khrapak; Thomas Nuetzel, **Year 11:** Anton Kvitkin; Nika Kungertaceva; Eve Whittaker; Maria Bessanova, **Sixth Form:** Natalia Kotova; Isabella Mason; Hyerin Cho; Sean Byrne

## Student Leadership:

This year the student leadership have continued to oversee and develop the student council, meeting monthly to discuss issues that have arisen. Through these discussions, improvements have been made across different areas of the school including: labeling of foods for allergies in the canteen, amendments and pricing changes to foods in the school cafe and year groups voting on their Key Stage year book themes. Our student leaders have worked hard within this role and I look forward to supporting them and the school with more ideas next academic year.

## Student Council:

The HeadStart Student Council meets monthly to discuss school wide issues from a student perspective with Years 5 – 13 taking leadership of this. Students are currently involved in suggesting changes to uniform, the potential of a stationary shop and student seating areas for the 4th floor.

## On-Demand Electric Hot Taps

Instant for endless  
**cold / hot water**

**Are you always standing at the sink waiting for water to get hot? Are you always waiting for the immersion to heat up. Are you always waiting for the water to be heated by the central heating system?**

**Do you wash in cold water or shave in boiling water just because there is no immediate availability to hot water.**

Would you like instant hot water in the Kitchen, Bath-room, Garage, Loft conversion, Office, Clinic, Surgery, Greenhouse, Canteen, Toilet, Dairy, Calving unit, Lambing unit, Stables, Mobile home, Caravan, Security hut, Mobile toilet, laundry room, Bedroom?

We are talking about the On-Demand Electric Hot Taps. No more waiting for the water to get hot. No more expensive immersions. No more of your precious time being wasted.

On-Demand Electric Hot Taps can be fitted to most sinks and Granite worktops with a depth of 30mm maximum. Just give us a ring and we can talk your plumber through the simple installation of installing into granite worktops. The HT ranges are designed with ease of installation and ease of use forefront to our manufacturing.

1. Unique to the market, ideal for situations where there is no hot water supply.
2. Scale reduction technology protects heating elements.
3. Isolated Heating Technology: Achieve electricity and water separation, waterproof, anti-power, Safe and Reliable.
4. Power unified are the 3000-watt, fast heat! Temperature at about 30 degrees to 50 degrees.
5. Hot and cold water supply, intimate for your life. Every Tap comes with free installation. (if distance of socket not more than 2 meters)

Danielle Jones

Pre-School you have blown me away this year with the progress you have made and I am so proud of each and every one of you. The first year away from Mummy and Daddy is a tough one but you have all jumped into learning with a big smile on your faces. We have had lots of fun learning through play with music, games, songs and opportunities to use your wonderful imaginations such as our trip to space, and our journey around the world. You have touched the hearts of each and every one of the teachers who have been lucky enough to work alongside you this year and you will be dearly missed. We wish you all luck and happiness next year in Early Years and I know you will continue to shine. Miss Danielle

# Early Years Yellow

Early Years Yellow have been such great fellows. We've spent the year having fun and cheer. I'm privileged to have been part of your lives and see you grow and develop in personality and confidence throughout the year. Miss Erika and Miss Saki have told me all the wonderful things you've been learning and doing while I've been looking after my new baby. I am so proud to hear that you're trying your best for all your teachers and I'll be looking forward to hearing from your Reception teacher next year about all the things you can do all by yourself, and what special boys and girls you're growing up into.

# Early Years Blue

Early Years Blue, you have been a pleasure to teach and I'm so proud of you. We have had lots of fun learning and exploring. Especially when saving our class teddy, Mocca, from the pirates! It has been so special getting to know each and every one of you, with lots of laughter along the way. Your confidence and independence has developed so much this year, I know you'll all continue to be superstars as you move on into Reception. Best wishes always,

# Reception Yellow

It has been a wonderful year in Reception Yellow and I have enjoyed every moment with this lovely class! Every day has been so much fun and the children have made us all so proud with how much they have progressed and improved since the start of the year. The children really have worked their socks off, made us smile, made us laugh and made every day unique and interesting. My wish for you is to always remember to dream, believe, laugh, love, learn and be proud of yourself every day. I wish everyone all the very best for next year and hope that you continue to shine in everything that you do. Good luck and enjoy Year 1! Love, Miss Hannah

# Reception Blue

We have all had a fantastic year in Reception Blue this year and we feel so ready for "big school". You have all worked so hard this year and made me a very proud teacher. Each one of you have added your special touch to the class and created an amazing environment to learn in. We have been on great field trips and learned a lot both in and outside of the classroom. Thank you for all your hard work and fun moments this year. I will miss you lots next year. Never give up your enthusiastic attitude to learning. Lots of love, Miss Candice

# Fun in Foundation

We take play very seriously in Foundation. It is crucial for brain development and essential for all areas of child growth. Our Foundation team work hard to plan daily lessons to ensure our children receive the very best play activities suited to their levels of maturation and their interests. It is through these planned, structured and creative play activities that children learn about themselves and the world around them. Through play we can help children to build confidence, stretch imaginations, explore different experiences, make sense of new learning, promote problem solving, boost curiosity skills and help to sustain long term friendships. It is not just play; these are skills for life. After all, play gives children time to practice what they are learning! - **Fiona Scott, Head of Foundation**

# HeadStart Making a Difference

Another incredible year has gone by at HeadStart, and this year our school community has, once again, shown us how great things can happen when everyone works together. Incredible events have taken place over the year with a huge amount of money and donations being raised for a number of charities and schools across Phuket. From Weird and Wacky to Fluffy and Furry, our fundraising days are full of fun and entertainment for our students, but each one holds a very serious message as well. Our students learn about the different charities and find out what it takes to become a dedicated volunteer from the number of charity workers and visitors we work closely with.

This year our fundraising efforts have provided over 600 Christmas shoebox presents for underprivileged children all around the island; A 12 hour Swim-a-thon raised over 100,000 Baht for much needed repairs at the Life Home Project Foundation; while our in-school games and bake sales have raised money for BODHI Dog Shelter, the Soi Dog Foundation, and The Gibbon Rehabilitation Centre. We are extremely proud of our school community's efforts and the impact it has in supporting others less fortunate than ourselves around Phuket.

**Fiona Scott, HeadStart Fundraising Coordinator**

# International Day

# Creative Arts Faculty

What a fantastic year the Creative and Performing Arts team have had! Our students have flourished, finding new talents and interests through active learning, provided exceptional performances in the school productions, and showcased the importance of art education by providing an engaging and dynamic faculty week. With art and design technology exhibitions and musical, drama and dance performances the students and staff in the faculty have inspired many others to engage in the arts.

**Kamilah Bilbé - Head of Faculty, Creative and Performing Arts.**

# The Addams Family

Taking us on a journey with old time favourites The Addams Family, the secondary CAPA Academy and KS3 Active Learning students provided Phuket with a stunning show of song, dance, drama and artwork. - **Jacqueline Feliciano, Performance Coordinator**

# The Adventures of Superstan

From super powers and anti-gravity pants to the Candy King, we were blown away with the Primary production of the Amazing Adventures of SuperStan! Wham! Zap! Kapow! Year 3 – 6 students gave beautiful performances of dance, musical numbers and acting.

# Foundation Art Gallery

Foundation students have created some beautiful and expressive pieces of art with Kru May throughout this year. They have enjoyed experimenting with different materials, developing their ideas and expressing their creativity.

**Wasana Promptong, Kru May**  
Foundation and Key Stage One Art Teacher

# Primary Art Gallery

This year Key Stages 1 and 2 have enjoyed exploring different media including painting, drawing, sculpture and clay. Students have developed their skills and worked expressively, exploring their ideas and imagination both independently and in groups.

# Year 1 Yellow

Year 1 Yellow have had a year of exciting exploration and new discoveries, solving numeracy problems physically, creating our own story and information books as well as performing as Christmas trees in the Christmas Show. We have educated our peers in our school assembly, visited the Trick Eye Museum and explored the mind boggling Upside Down House and maze. As a team, we have learnt more than how to read and write, we have become more resilient when faced with challenge, better communicators who can solve our own differences, and ultimately work together to help and learn from one another. We have grown and developed to become more independent and responsible for ourselves, for our choices, and of course, our learning. - Mr. Millington & Ms. Denzo

# Year 1 Blue

Year 1 Blue has been an amazing class to teach this year. You have grown and matured a lot over the time we have been together. Your academic learning and independence has greatly improved, and you are ready for your new challenge in Year 2. You have been kind and thoughtful with your friends... and your teacher!

We have had lots of fun this year, hearing the funny things you talk about and all the interesting facts you like to share. 1 Blue have been a great class and I will miss you all. I hope that your next teacher enjoys your company as much as I have.

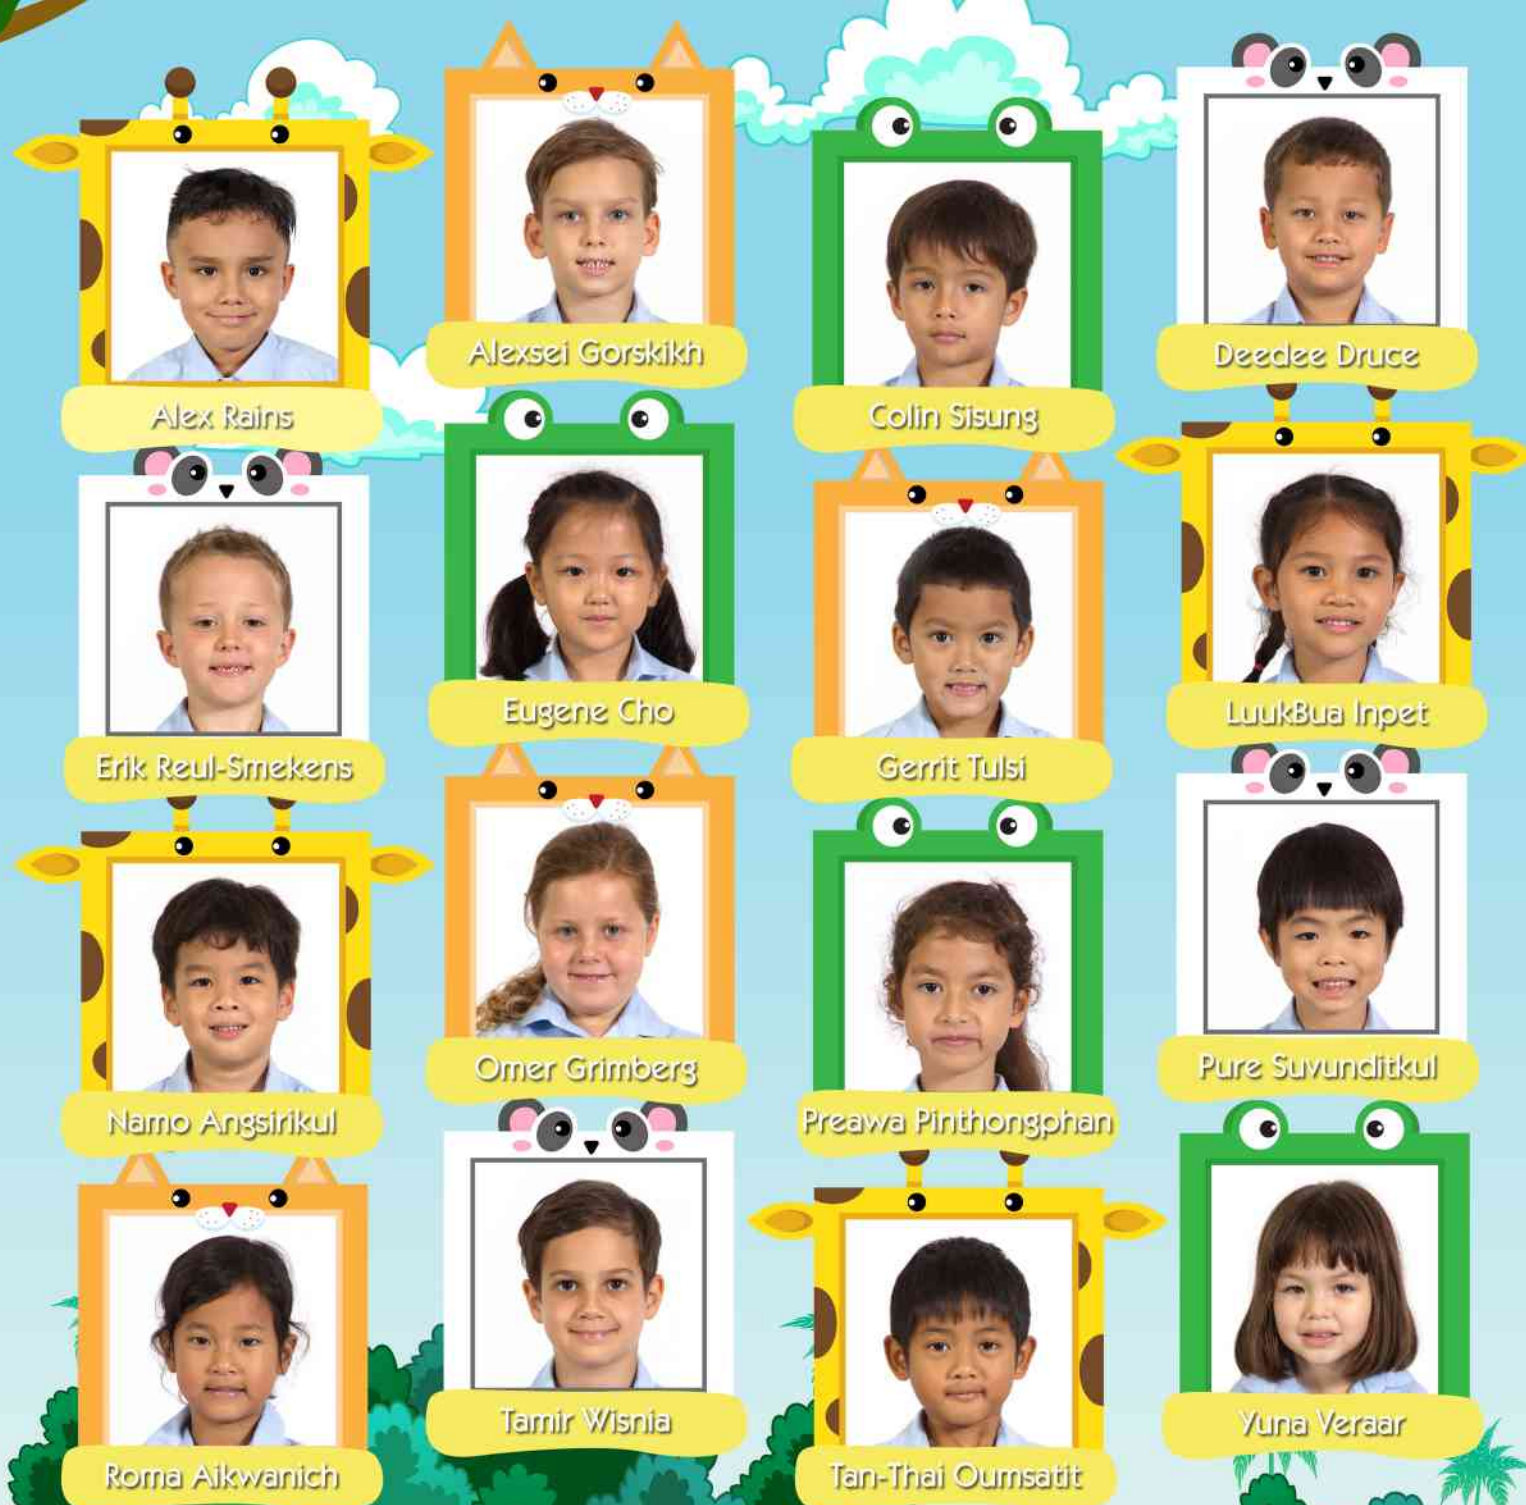

Miss Fallows

# PRIMARY AWARDS 2017 - 2018

Andrew Whittaker  
Head of Primary

Sam Khan  
Deputy Head of Primary

It is with great pride and enjoyment that I look back upon this academic year and all that has been achieved by our pupils in Foundation and Primary. We have wonderful pupils, from so many different nationalities and this eclectic mix is what makes HeadStart such a wonderful international school. I take great pleasure in walking along the corridors and seeing all of our pupils speaking with each other in one common language - English, but all of our pupils do not lose sight of their own nationality and their native language spoken at home with their families. This is the fine balance that we strive to ensure continues at HeadStart; that every child knows their heritage and culture, but adds to this with their studies in English.

I write this message this year with mixed emotions - I have had four wonderful and enriching years being part of the most incredible HeadStart journey that enables your children to obtain the best education and personal development in Phuket, and probably in Thailand. HeadStart is an incredibly unique school experience for all our pupils and this is testament to the consistently improving results they achieve, through the support from our families, and above all, from the most amazing teachers that we employ who are dedicated to ensuring that each and every one of your children develop to the best of their ability, both inside and outside of the classroom.

My time has finally come to an end here at HeadStart and I will be returning to the United Kingdom to continue as a Headmaster there, however, I will always have a part of HeadStart, and Phuket, in my educational heart forever. I will sorely miss you all, especially the wonderful children that I have had the great fortune to watch grow into individuals who are independent learners and valuable citizens, all of whom truly do Inspire a Love of Learning.

Andrew Whittaker, Head of Primary and Foundation

## THE PRIMARY TROPHY

Kwansakun Lynch  
Year 6

Awarded to the student deemed to have made the most outstanding contribution throughout the year at HeadStart.

# Year 3 Yellow

Year 3 Yellow has had a fantastic year of learning and exploring lots of different topics. Some of our most memorable topics were Extreme Earth: Forces and Magnets: Was Tutankhamun killed?: Ancient Greece and Ancient Egypt. In Maths we all enjoyed learning about measurement and using Challenge Gom to practice our times tables.

I was so proud of your performances in both the Christmas show as Santa's reindeers and our class assembly on Tutankhamun. You have all worked really hard this year and should all be very proud of what you have achieved. You have made me laugh so much and I have enjoyed every moment teaching you. I am going to miss you all and wish you all the best in Year 4! - Lee White

# Year 3 Blue

Over the course of this school year I've been impressed by Year 3 Blue's willingness to learn, their maturity in accepting that mistakes are part of learning, and the kindness that they have shown when others have faced challenges or difficulties. It was a pleasure to see Year 3 students giving their best for their houses on Sports Day and to hear the enthusiasm and pride with which they described their achievements in the Swimming Gala. I hope that all of Year 3 Blue approach next year with the same positive attitude towards learning and spirit of community that I've seen in the classroom this year. - Mr. Nicholson

**Dan Nicholson**

**Toribio Fabila**

# Year 4 Yellow

Congratulations on completing Year 4, well done! Thank you for being such wonderful students and making this year so much fun. I will always remember how hard you worked on our Water Cycle assembly and how well you did. I've enjoyed reading your research projects on The Seven Wonders of the World and listening to your Haiku poetry presentations. I've loved making our classroom messy with Science experiments and I've loved watching you learn and grow throughout the year. I will miss you and I wish you the best of luck next year. - Katherine Dickie

# Year 4 Blue

Year 4 Blue, thank you for a fantastic year. I have thoroughly enjoyed teaching each and every one of you. You are a wonderful mix of mathematicians, writers, scientists, artists, musicians and more. You have made me smile on many occasions and you have all tried your best to work to your full potential. I could not have asked for more. It has been a pleasure to see you growing and maturing as the year has progressed and I have loved getting to know all your unique and varied personalities. I will watch with interest how you progress next year but I'm sure that you will continue to shine and to be the wonderful young people that you are. I wish you all the luck in the world and thank you again for giving me an unforgettable and delightful year. Mrs. Cunningham

# Year 5 Yellow

To my lovely year 5's,

Each of you has your own individual talents, sense of humour, strengths and passions. All of you have the ability to light up the world! Never forget that you live in a world that is full of beauty and adventure, seek them with your eyes open. You have taught me more than you will ever know, go into Year 6 and make me proud. - Miss Forster

# Year 5 Blue

Dear 5 Blue,

This has been a brilliant year and I have had such a great time with you all. I have enjoyed seeing you grow in confidence and learn so much. You have all worked very hard and you have made me laugh every day. I was very proud of you all when we did the rain forest assembly, even though some of you did not want to play the role of the animals! I wish you lots of luck for Year 6. It will be a very important year for you but, if you work hard, then you will all do very well. I will miss you all very much next year, but I can't wait to hear about all the new things you are learning. Thank you for being a fantastic class! - Lindsay Williams

# Year 6 Yellow

Wow! what an amazing bunch of artists, scientists, mathematicians, linguistic masters, bookworms, sports stars, teachers, environmental activists, friends and humanitarians you all are. It has been an absolute privilege and pleasure to be a homeroom teacher to such an incredible group of young people. I've watched your confidence soar, your resilience swell, your hearts open and friendships grow. You are exceptional and I love every single one of you. Good luck in your transition into Year 7 next year and please remember to come and visit me! Ms. Webb

# Year 6 Blue

Well done 6 Blue on your graduation from Primary school! You are a class full of personality that gave us many headaches and much laughter. You have all worked really hard for your Checkpoint exams and you should be very proud of your achievements. We hope you settle well into Secondary school and make the most of all the opportunities you will have there. Remember to continue to be kind to others, respect your teachers, and follow your aspirations. We will always remember you and miss you!

Mr. Eke and Miss Mindaro

# Bridging Course

This year has been fantastic! Now we are finally at the end, but I look forward to seeing you all next school year. I want all of you to know that you have amazed me in so many ways. Enjoy your holiday!

**Jane Alejandro**

I would like to thank my students in Bridging Class B. I hope that you have enjoyed your first term at HeadStart International School and that you have a fun and active summer holiday. Keep up the good work, always try your best and remember to read every day. I am sure you will do well and I wish you luck in the next academic year.

**Dan Hogfelt**

On behalf of the HeadStart International School community, I am honoured to welcome you to the school. I hope you have a wonderful holiday filled with great moments and memories. Upon your return, the year ahead will be filled with new opportunities for academic and personal growth, and we look forward to encouraging and supporting you along this exciting journey of learning and discovery. Mr Opaliski

We are so proud of our school and our students for the many achievements they have made over the year. We would like to thank our Thai teachers who have pushed the students towards excellence, and have organised fun and educational activities throughout the year. This ensures high standards in Thai academics among our students and ensures that those students enjoy the experience of learning Thai in an international school environment.

We would also like to take this opportunity to thank all of our lovely students and parents for their support to maintain the Thai identity in our community.

We will continue to do our best in the coming academic year.

# French

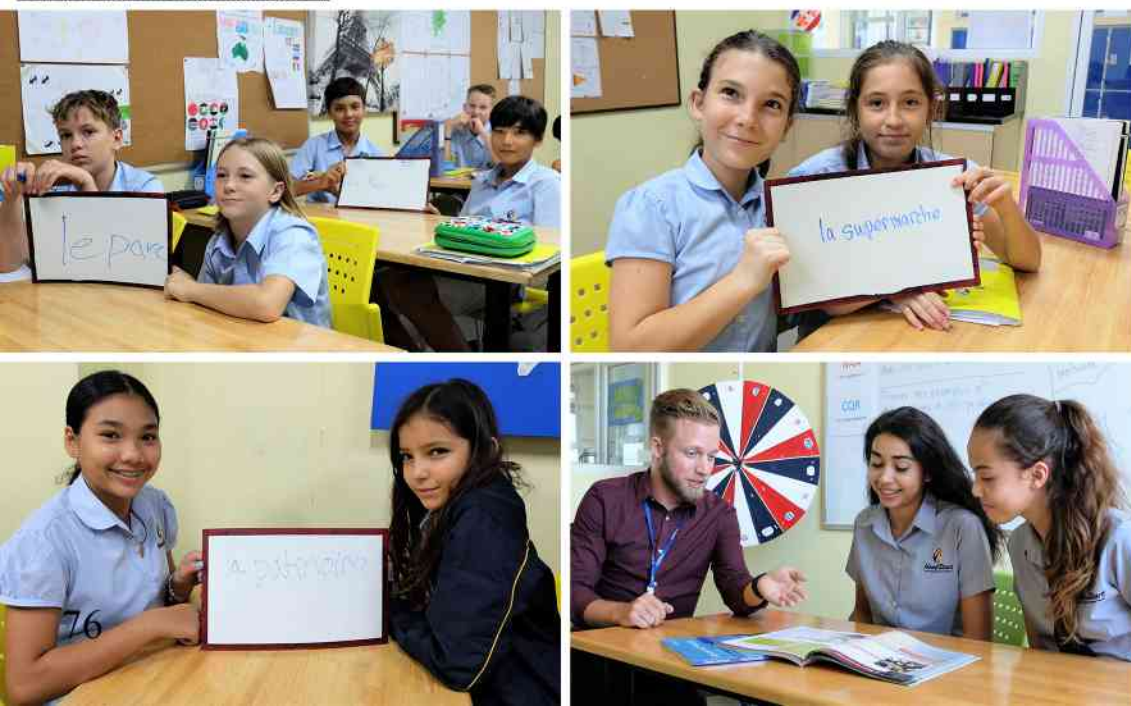

It has been another fantastic year for our French students, full of challenges and plenty of varied and exciting activities. We started the school year by learning about different languages around the world, and the ones we speak here at HeadStart, during our now traditional Languages Day. It was a great occasion for all the students to learn fun facts about the many nationalities we have here at school, and understand the importance of learning about different cultures. My favourite activity of the event had to be the always delicious crêpes party. I am very proud of the progress the French students have made this year and it has been a pleasure to see them expand their vocabulary and use their knowledge to make sentences. I wish them all success and happiness in the future and I look forward to seeing their smiling faces again next year.

**Jessica Ackerman, Primary French Teacher**

I want to congratulate my Year 7s for successfully completing the challenge that is the first year in Secondary school. I would like to wish my Year 8s success in their upcoming checkpoint year next year. To my Year 9s, I wish them to success in their future IGCSE options. And for those that I will be teaching in Year 10 ... Buckle up! Finally, I would like to thank my very resilient Year 12 and Year 13 students for completing their French AS and A levels. And I would especially like to wish Alexia Hofmeister (Y13) the best of luck in her future endeavours.

**Benjamin Salmon, Secondary French Teacher**

# Mandarin

你好 Ni hao! Welcome to Primary Mandarin class! With the increasing importance of Mandarin, more and more parents and students choose to learn this language. In the Primary Mandarin classroom, you can not only learn basic knowledge and topics about Mandarin, but also understand Chinese culture and celebrate Chinese festivals. During the 2017-18 academic year, students from Year 1 to 6 have experienced various cultural festivals such as Mid-Autumn Festival, Spring Festival and Dragon Boat Festival. They have tasted festive foods and made traditional crafts. In the classroom, we have used various activities to strengthen speaking and listening. Through these activities, the students' interest in learning Mandarin has been greatly improved.

**Wei Wang Primary Mandarin Teacher and MFL Coordinator**

It has been another marvelous year in our Secondary Mandarin class. Throughout this year I continued to be impressed by the achievement and growth of our students' skills, interests and confidence in Mandarin Chinese. Students continued to develop the breadth and depth of their competence in listening, speaking, reading and writing in Mandarin. As always learning through cultural activities has continued this year such as Chinese New Year. Our students experienced New Year traditions and everyone had fun and enjoyed making and tasting Chinese dumplings together. It was also a fabulous sight to see our Year 8 students perform a beautiful Chinese umbrella dance dressed in traditional Chinese costumes for our Secondary Chinese New Year assembly. I would like to extend my thanks to all my dear students who made this year successful and memorable.

**Honglian Wang Secondary Mandarin Teacher**

# Football Academy

This year the Football Academy has had another amazing year. We have been on two trips to Bangkok with the U11 team. The first was in December to take part in the BSS International Tournament which we finished as up runners up in the Plate competition, then in March we took our U10, U11, and Over15 teams to the BIYFF Competition where the U11 and O15 were both runners up in the plate competitions. Throughout the year the boys and girls have been playing in local competitions with great success including the BIS7 Soccer Competition where the U11 finished 5th. In the PISAC tournaments this year our U11 Boys, U13 Boys and Over 15 Boys finished the tournament as Champions! And our U9 Boys came second. I believe with even greater commitment in training and more competition for places in the team next year we will be even more successful. - JR, Head Football Coach

# Swimming Academy

The Aqua Panthers have had another outstanding season! We won the Thanyapura Open League for the second year in a row and each athlete on the team played a huge role in helping us achieve the number one spot on the island. A few of the stand-out swimmers were: Shane Walters (Y9), Michael McLean (Y7), Nazar Zakharov (Y10), Natalie Hallermann (Y5), Yejin Lee (Y5) Jiraya Prieur (Y11), Cameron Smith (Y6), Artem Kiselev (Y9), Anna Meakin (Y9), and Natasha Chaloeitoem (Y12). On the international swimming circuit, our very own Nazariy Zakharov qualified for the Neo Garden Singapore Swimming Nationals in the 400 Meter Freestyle. Not only did the group have fantastic performances in the pool, but we also had a 12 hour fundraising relay, swimming over 54.7km and earning 110,000 Baht for the Life Home Project Foundation. Congratulations to all our swimmers for an amazing swim season, the Aqua Panthers are just starting to build momentum, watch this space to see what the 2018-19 season brings. - Zak Brown, Head Swim Coach

# Sports Department

2018 has been another fantastic year for the young athletes of HeadStart. The school has seen more students than ever getting involved in the amazing range of activities on offer to them here at HeadStart. Whether it has been in the pool, around the track, in the gym, or on the pitch our students have once again excelled. As well as all the wonderful team and individual performances this year, we have also revamped the curriculum for all students in the school. Students from Foundation to Year 9, now have a fully balanced programme that covers all areas of the British Curriculum, including Dance and Gymnastics, and for the Year 10 – Year 13 students there is an options choice in place so students can specialise in activities that they enjoy.

Some stand out events and performances of the year have been: The Senior Girls Basketball gaining wins over all the other international schools in Phuket, a massive team of students across primary competing at the PISAC Cross Country and Athletics competitions gaining several individual honours, Swimming and Football trips to Bangkok, and becoming champions in the pool once again in the PISAC Swimming League. What a great year, and we expect 2018/19 to be even better!

Mr. Richard Lukats, Athletics Director

# House News

Wow! What a fantastic year of House competitions we've had!

The HeadStart students experienced a vast range of activities this year, such as ~ Tug of War, Gladiator Ball, Burnball, Funky Football, Baby Shark Dance-Off, Board Games, Lemmings Team Building, and Granny's Footsteps and with the addition of lunch time House activities on Tuesday, Wednesday and Thursday, the Primary students were more involved this year. All these events, alongside other competitions, such as PE Sports days and all the wonderful faculty week's our fun and active House system continues to thrive.

I would like to take this time to sincerely thank the House Captains who helped ensure all the activities ran smoothly and were fun for everyone who took part. Lastly, and very sadly, I have to announce that I will no longer be the House Coordinator. I am delighted to hand the reigns over to the fantastic Miss Brelstaff, who will be next year's House Coordinator. Please join me in welcoming Miss Brelstaff to the position and wishing her all the best.

Nick Carter, House Coordinator

# The International Award

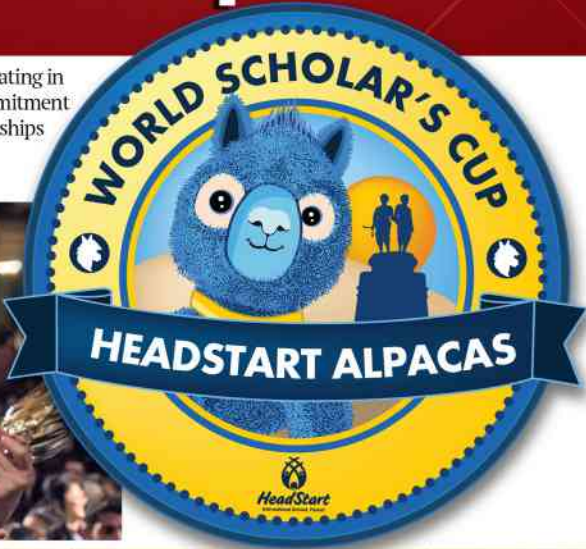

The Duke of Edinburgh award has been running at HeadStart for a number of years, and it provides our students with fantastic opportunities to gain experiences they just can't get in the classroom. The award echoes the ethos of the school, for young people to develop as individuals and give them memories that can last a lifetime. We are very fortunate around Phuket to have fantastic islands and seas where students have been able to kayak, sail and camp in order to complete their Duke of Edinburgh expeditions. This year forty-five Year10 students undertook their Bronze award completing a kayaking expedition. Participants started their journey in Ao Yon, kayaking to the islands of Koh Lon and Koh Bon. Once on the island students had to set up camp overnight including cooking their own meals. For the Silver award fourteen Year12 students learnt how to sail dinghy boats around Ao Yon on two training weekends. Then for their expeditions they sailed to Koh Ae and Koh Lon, where again they camped in tents and were self-sufficient. They all did a fantastic job picking up the difficult and challenging skill of sailing to complete their expedition. The success of the award keeps on growing at HeadStart and we look to have record numbers of students participating in Duke of Edinburgh next year. Congratulations to the following students for completing their awards and I hope many more will join their achievement before the next academic year. Thank you to the following staff: Mr. Barker; Ms. Barker; Ms. Bekker; Ms. Brelstaff; Mr. Brown; Mr. Bushell; Ms. Cusworth; Mr. Eke; Mr. Lamprell; Ms. Leamon; Mr. O'nions; and Ms. Reeves, who have made all the trips an enjoyable experience for the students and helped the students on their journeys. - Mr. Peake Duke of Edinburgh co-ordinator

# World Scholar's Cup

It has been another amazing year for our World Scholar's Cup students; participating in four major rounds throughout the year. Congratulations to you all on your commitment and effort with each round, and we hope you cherish the experiences and friendships you have gained with other students all over the world.

# SECONDARY AWARDS 2017 - 2018

Elizabeth Mason  
Head of Secondary

James Barker  
Deputy Head of Secondary

In my second year here at HeadStart I am extremely happy to be part of the journey towards excellence and "inspiring a love of learning" in our EDT Silver accredited school. This love of learning extends to both students and staff. I am extremely grateful to also work with our parents which ensure whole child development. Parental support is a vital element and is the scaffold that supports us to continue our upward climb.

The quality of our provision continues to improve and I look forward to that journey continuing next year. As you can see our fantastic examination results continue to speak for themselves in both Checkpoint and IGCSE. Our 6th form also continues to grow and improve and it is a joy to see our students move successfully through the school and go on to some of the top universities around the world.

In addition, I am incredibly proud and impressed by all the additional vocational and practical activities that our teachers provide and students participate in. This includes the fantastic outbound field trips for our Key Stage 3 students and the school productions of The Addam's Family and Super Stan which I was extremely impressed with. The Sports Academies have also flourished and we are getting involved in more island competitions and find ourselves either highly placed or winning. This has been another exciting and fantastic year for HeadStart, which I am proud to be a part of.

Heads Elizabeth Mason Head of Secondary

# Academic Results

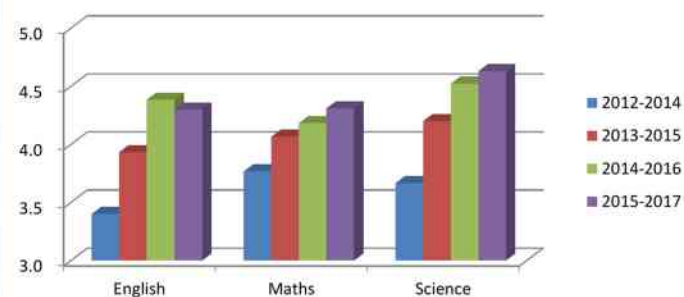

Once again we approach the end of an action packed and exciting year at HeadStart. Over the last year, the school has once again achieved great success in terms of our academic results with IGCSE Results in 2017 being the strongest that the school has ever achieved. Almost 40% of all examination results were graded as an A\* or A, which is a truly remarkable achievement, and almost 90% of all entries achieved a grade C or better. In the next few months we will find out how well this group of students has done in their first year of the Sixth-Form, where they are also likely to gain the best AS Level results in the short history of the HeadStart Sixth-Form. Four of this group were also recognised in a ceremony in Bangkok, as they were awarded 'Top in Thailand' prizes for the IGCSE and AS Level scores. The hard work and dedication of these students and their teachers clearly paid off!

In the Checkpoint examinations, we once again had many students in both Primary and Secondary achieving the maximum 6.0 scores in a variety of subjects with 18 students getting the maximum grade in at least (but in many cases more) one subject.

Each year, the students taking these examinations in Checkpoints, IGCSEs and AS Levels continue to set the bar higher and higher for the next cohort. I am sure our current Year 11 and 12's have risen to that challenge and we look forward to once again reporting in August, that our IGCSE and AS Level results are the best in the school's history. I wish you all a pleasant and restful summer and I look forward to welcoming you all back to school in August. - Adam Drew, Director of Studies

# Graduation Ceremony 2017

June 26th 2017 marked the graduation of the very first class of HeadStart students from our full A Level programme. Our Year 13 graduates represent the school's success and their accomplishments illustrate the high-quality education they have received as well as their dedication to personal excellence. Congratulations to all of our Year 13 students who have finished their studies at HeadStart and will be continuing their educational journey elsewhere. We would like to wish the Year 13 students the best of success in the next step of their educational journey.

# English & Humanities Faculty Week

English and Humanities Faculty Week was abuzz of competitions and activities. Just some of the activities from the English Teachers were: open Mic led by Mr. Dixon, students had the opportunity to stand before an audience and sing, perform and orate poems from melancholic odes on unrequited love to joyful stanzas of nature's glory. The Giant Scrabble board made an appearance once again and was played by students and staff with the Yellow House coming out victorious. And once again Mr. Osborne led vocabulary games at break times with Houses competing for House points using their knowledge of the English language. In Humanities the Year 7 History classes created Ancient Roman army shields and practiced Roman Army formations used by the Legionaries 2000 years ago, and in Geography, lots of students participated in our very own World Map Golf competition. Elsewhere Mr. O'Nions, the self-proclaimed champion of world flags, was beaten by Mateo in Year 10 in the World Flags Competition; and finally on Book Character Day, teachers and students from across the school enjoyed dressing up as their favourite book character or a figure from history.

Indu Bedi, Head of English and Humanities Faculty

Book Character Dress Up

# Maths Faculty Week

This year the Mathematics Faculty has had many opportunities to celebrate successes and progression. In the Mathematics Faculty Week, students enjoyed memorising digits of Pi, as well as taking part in Mathematics house competitions and activities such as speed cup stacking and origami. The Faculty looks forward to repeating and furthering these successes in the 2018-19 year.

**Craig O'nions, Head of Maths**

# Business and ICT Faculty Week

We kicked-off our Faculty Week with a student-led assembly sharing their views on how Business, Computing or Technology has inspired them, as well as an insightful presentation by Generation Water, a company whose technology reclaims water from the air and then filters it for drinking. Over this week our students enjoyed a series of events including: a Binary Code Challenge, 3D printing demonstrations, a Business Logo Quiz, QR Code Scavenger Hunt, D&T Students' work showcase and the very popular Dragon's Den Business competition. I would like to thank the Faculty team for all the hard work and dedication put into this very exciting and demanding week: Mrs. Somhiran, Mrs. Scott, Mr. Barker, Mr. Hurley and Mr. Stephens. Also a special thanks to Sean Byrne, Karina Abday, and Tina Sowton, our Sixth Form students who organised the activities and were fantastic role models to all the students who participated.

**Peter Mason, Head of Business and ICT Faculty**

# Science Faculty Week

Science week; it went with a Bang! Or several, in fact! The focus this year was change. The bangs you all heard were in fact the science department actually making the simple molecule H<sub>2</sub>O or water. Hydrogen and Oxygen were mixed in perfect stoichiometric ratios by eye, no mean feat. As such the bangs got bigger and better as the science staff got more skilled and braver at doing this. We also were representing physical changes and, surprisingly enough, discovered we could make quite pleasing bangs doing this too! Solid Carbon dioxide was added to plastic bottles and as the solid heated up it sublimated into its gas phase massively increasing the volume of gas inside the bottle, resulting in a satisfying explosion. Chemical changes were also studied in much more detail with Mr. Brown's Year 10 and 11 classes; Nitrogen Triiodide or "exploding paste" provided many more explosive bangs. Finally on Friday much fun was had by all as the school descended into a high level, messy yet educational science quiz written by Miss Leamon; with a particular focus on non-Newtonian solids, also known as GUNGE! All in all science week was a great success. Year 6 spent some time in the secondary labs this week investigating how to make an egg float. They made the water very salty which, in turn, increased its density and made their eggs float. We also investigated floating fresh water on top of salt water with Ms. Webb. Year 6 Blue also used the Science labs in order to investigate water density with Mr. Eke.

**Mr. David Cook, Head of Science Faculty**

# HeadStart Languages Day

This year for Languages Day, we had a really cool treasure hunt for the Primary students with parchment paper hidden around the school, the winners of the hunt won points for their Houses. Students also did posters about the different languages they speak and made bracelets with the flags of the country for each language. The Primary choir also sang a song about the importance of languages and how they are key to cultures in their assembly. The Secondary students had a house quiz and they made posters about idioms or poems in their native language. Finally, there were also boards up in the atrium where everyone from the HeadStart family could write the word LOVE in their native language.

**Jessica Ackermann, Primary French Teacher, Languages Day Coordinator**

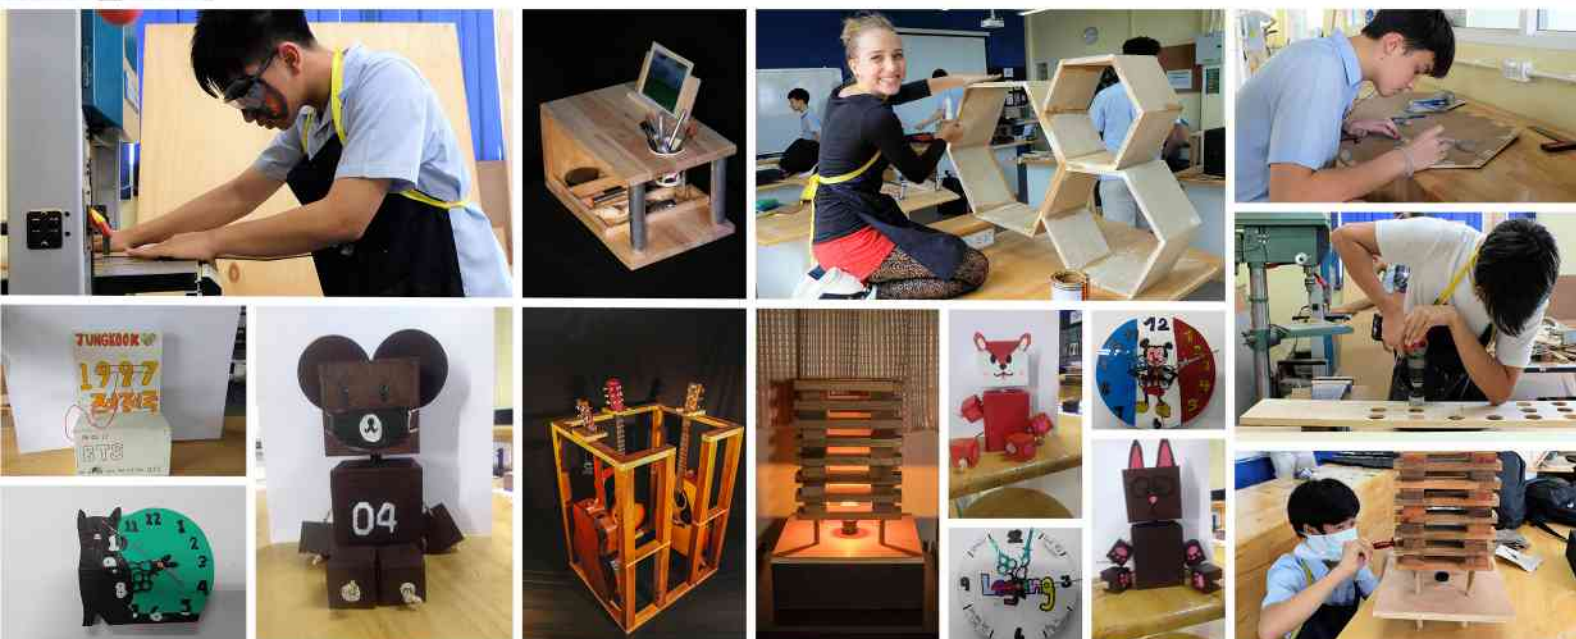

# Design & Technology

The Design and Technology department has seen many changes this year as a result of the purchase of new machines and hand tools. The students have been making many exciting projects at Key Stage 3 and at IGCSE level. Below are some of the projects that have been made by our creative and talented students.

# YEAR 7 YELLOW

Dear Year 7 Yellow,  
Well done for finishing your first year as Secondary students! We've made a lot of great memories both in Homeroom and in Science class. I have particularly fond memories of preparing our Homeroom assembly, especially Ben dressing up as a goat! I hope you enjoyed the barge trip; it was a great opportunity to get to know each other even better outside of normal lessons. Have an amazing summer and I look forward to seeing you all again next year.

# YEAR 7 BLUE

Dear Year 7 Blue,  
Thank you for being a great Homeroom this past year. I have enjoyed having the chance to get to know all of you, both in Homeroom and in Music lessons. I wish you all the best of luck for your future. I'm not going to lie... I will not miss the noise first thing in the morning! Hopefully I will see you all again at some point. Miss Reeves

# YEAR 8 YELLOW

Dear 8 Yellow,  
I have truly enjoyed getting to know all of your unique personalities this year. I loved spending time with you all outside of the classroom on the Khao Sok Field Trip as it allowed me to see you in a completely different way. It also made me realise how important SnapChat streaks are to the younger generation (although I have to confess that I still don't know what they actually are!). You are a fantastic bunch of sassy young adults who are all successful in different ways. I really look forward to seeing the many more accomplishments that you make next year in Year 9! Miss Barker

# YEAR 8 BLUE

I've truly enjoyed being a homeroom teacher for such an energetic and bright group of students. Here's my message to you: enjoy your learning. You should relish the fact that you are learning new things every day. You will soon discover that learning in itself is a lifelong project and your time at school is only the beginning. Your life at school (and beyond) is about developing your whole self, so get involved in things. Join clubs. Play sports. Dance and sing. It doesn't matter if you're not the best - what matters is that you seize the day and reach your full potential. I wish you every success in your future. Mr. Cramp

# YEAR 9 YELLOW

I can't believe you have finished Key Stage 3, well done! Being your Homeroom teacher for the past two years has truly been an honour. It has been a great year, filled with lots of awesome memories. The Year 9 Trip to Khao Sok was one of my highlights and I have thoroughly enjoyed getting to know you outside of the classroom.

Remember that you are all unique individuals with different talents and strengths, so stay true to yourself and embrace all the opportunities that you are given. It has been a pleasure to see all of you mature into devoted students and develop your love of learning throughout the year. I am proud of every single one of you and wish you all the best for Key Stage 4. Mrs. Letitia Bekker

# YEAR 9 BLUE

Dear 9 Blue,  
It has been an absolute pleasure getting to know you all as your homeroom teacher this year. Your antics and weird jokes continue to make me laugh on a daily basis, while your general conscientiousness and positive demeanor, on a number of occasions, have me both proud and grateful to have been able to work with such a great group of students.

# YEAR 10 YELLOW

Year 10 Yellow! You certainly have grown up this year as you began your first year participating in the Duke of Edinburgh and beginning your IGCSEs. In the words of Dr Seuss: "You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose." So, remember to use that head and study hard next year for your IGCSEs and set yourself up for an amazing adventure for the future.

# YEAR 10 BLUE

It has been an absolute pleasure seeing all of your alert, engaged and motivated faces every morning. You clearly have cut back on late-night video games, sending photos on ChattySnap and posting on Instabook (or is it Facegram?), and for that, I'm very proud of you. In all seriousness, I have no doubt that you will all go on to great successes in life. You can only measure success against yourself, so don't worry too much about who got the most head shots or who posted the funniest cat selfie. Keep your own dreams clear and go grab 'em, y'all! (That's right - your homeroom teacher is cool enough to say y'all).
