THE BOARD OF DIRECTORS

Ms. Collette Edouard

Mr. Jazon Edouard

Dr. Parimon Phaisamran

Ms. Anisa Van Der Laan

Seventeen years ago, four young entrepreneurs whose passion for education and dream to create a school, unlike any that existed at that time in Phuket, collaborated to create the unique experience we now know as HeadStart International School. --A school on par with the best; which boasts some of the highest academic results in Thailand; which produces students who are passionate about the arts, skilled in sports; who are genuine, well rounded, conscientious citizens of the world, and who we are so very proud of!

This year each of the Founders of HeadStart has a child graduating from Year 13. We couldn't be prouder or more convinced that what we started has accomplished its purpose! Our own children along with nearly half of their class have been at HeadStart since Year 1 or younger, making this cohort the first to have completed the entire journey at HeadStart! Out of this group we have students going on to study medicine, law, engineering, cyber security, science, business, finance, econometrics and psychology; students who have won national competitions, and been given fantastic offers to some of the top universities in the world! It's been an honour to watch these students grow from innocent children to the aspiring young adults they are now.

We would like the HeadStart Community to know that our passion for education and commitment to your children continues. We look forward to the planned expansion and development of our facilities and programmes and to working with you and our team to continue to make HeadStart the best possible school for our children.

THE FULL JOURNEY

Nearly half of our Graduating Class of 2022 have been enroled at HeadStart since Year 1

MESSAGE FROM OUR HEADMASTER

With the world beginning to return to normality and children back in school taking part in a full range of activities, it would be easy to forget just how difficult this year has been. In spite of the disruptions with the 'Sandbox' and nearly two terms without large gatherings, events, parties and celebrations; once again the resilience of our community has shone through.

For the first time since 2019, students are completing exams in person and on site, and I know the pressure that this brings. When you read this, the exams will have concluded and all that is left is the wait to see those results. This year saw four of our students receive 'Top in Thailand' awards in a diverse range of subjects including Mathematics, IT, History and Music.

A return to allowing large events, enabled the Footie-a-Thon and Swim-a-Thons to be the most successful they have ever been raising nearly a quarter of a million baht for the Ocean's for All foundation. At the time of writing, we have held a number of residential trips for students in Year 6 to 9, with students in Years 10 & 12 recently completing their Duke of Edinburgh Awards. The Year 13s are planning and preparing for their graduation, parents of award winners are being notified and plans are well underway for the school production of Aida. The end of the school year promises to be full of excitement, with a return to the hectic yet rewarding celebrations of our students' achievements.

As I close, I would like to thank all our community once again for remaining positive and supportive throughout these last two years. Without the support you have given your children and the way you have helped them through what at times has been incredibly difficult, they would not achieve the success that they continue to do on a daily basis.

I wish you all the very best for the summer, and look forward to returning in August to start another successful school year.

Mr. Adam Drew, Headmaster

HEAD BOYS & GIRLS

I can proudly say that we have created a greater sense of community within our School

- Calvin Van Der Laan

This year has flown by so fast and despite the limitations placed on the school and student leadership due to COVID-19, I am proud of this year's team of Prefects and Student Council for all their work throughout the academic year. As a dynamic and motivated group of students, we have have laid the foundations of making meaningful connections with Primary while strengthening connections with our peers in Secondary and I can proudly say that we have helped create a greater sense of community within our school body. It was a rocky path being Head Boy this year; not being able to host and organise the Hallowe'en Disco or raise awareness for projects becuase flag raisings and assemblies were restricted, but in the end our team was successful in organising many other events including selling Valentine's Roses, the Second Hand Sale as well as attending community events such as planting mangroves and food packing with outside organisations. I have no doubt in my mind that Kairui Zhang and Keira Brain will do an excellent job of leading and organising HeadStart's student body as Head Boy and Girl in the coming academic year.

Calvin Van Der Laan,
Head Boy 2021-2022

Growing up in HeadStart, I have always appreciated the tight-knit community which allowed the student leadership to have creative liberty in planning events and driving ideas. In assuming the role of Head Girl and being in the forefront of change, I have learnt so much, especially with this year being such an unpredictable year. The combination of excitement and pressure to make up for the lost time spent in lockdown made for a truly unforgettable experience which would not be possible without the student leadership team. Lastly, I would like to thank the Deputy Head Boy and Girl, Senior Prefects, Prefects, and Student Council members for making this year another successful year.

Nutcha Phaisamran,
Head Girl 2021-2022

Deputy Head Boy is definitely a fantastic but challenging role to take on. Keira and my main responsibilities are simple but not easy. We need to run the Student Council, give feedback on the advice we received from students, hold meetings with other student leaders and teachers, and so on. My experience has helped me develop stronger management skills, communication skills, and better flexibility. It's such a pleasure that I can help with the school development and I am sure next year we will continue to contribute to HeadStart and make the school a better place.

Kairu Zhang (Carry),
Deputy Head Boy

Since joining HeadStart in Year 8, I've always admired the leadership team and have been particularly inspired by the role of Head Girl. It has been an ambition of mine to give back to the HeadStart community and I'm thrilled to be able to fulfill this goal now I've been appointed as Head Girl next school year. Throughout this school year I've had the pleasure of working with an incredible leadership team, including our current Head Boy and Head Girl. I'm excited and eager to represent the school and promise that I will be dedicated to make a difference and make the previous leadership teams proud, in addition to acting as a role model for future Deputy Head Girls and Boys.

Keira Brain,
Deputy Head Girl

STUDENT LEADERSHIP

Leadership is about making others better as a result of your presence and making sure that impact lasts in your absence. - ***Sheryl Sanberg***

Whilst we have many titles in our student leadership body, what's really important is what these students have done for HeadStart and what their legacy will be. They have modelled what it means to serve one's own community through activities such as running Lunch Bunch, whole school events to raise awareness of bullying and the importance of showing kindness and bringing a smile when they handed out a candy cane or Valentine's heart. I hope that many young aspiring young leaders in the school will be inspired by them and want to continue the good work they have introduced over the last two years in time. Much of what the student leaders have focused on this year has been for the betterment of the school and building community. I can confidently say their presence has had an impact. They provided a space for students to hang out over lunch, they raised awareness of issues which affect young people in schools, they sought to make school life fun for us all. They have implemented programmes and structures which will stand beyond their time. This is their legacy.

Special thanks to the Head Boy & Girl Calvin and Nutcha; the Deputies, Kiera and Kairui and the Heads of our Committees: Sustainability- Anya & Sophie, Service- Esther & Student Wellbeing- Gemma. What an industrious year thank you for all you've done for HeadStart. I look forward to the development of the programmes which have become part of our fabric in the new academic year.

Ms. Indu Bedi, Head of Sixth Form and Student Leadership

As a Senior Prefect this year I led the Student Well Being Committee. I worked closely with the teachers to help ensure that all of our students feel accepted and cared for. I have been able to, with the help of other Prefects and teachers, organize and plan various events this year, such as Anti-Bullying Week and R U OK Day. I have also been in charge of the daily Lunch Bunch group activities, which is an inclusive activity that we set up in the Atrium for students to come and make new friends while doing something creative, like making friendship bracelets or coloring. It has truly been so rewarding to see the HeadStart community come closer together this year!

Esther Herbold, Year 13 Senior Prefect

HeadStart has always been a place I've considered as a second home. From the moment I stepped through the entrance in 2015, I knew that HeadStart was the place for me. Since then, my experience here has been full of unique challenges, projects and opportunities. From beach cleans to museum visits, island expeditions and jungle safaris, I'm truly grateful for the wonderful opportunities this school has given me. One of my fondest memories was our trip to Khao Sok National Park. It was here where not only did I get to reconnect with nature, but also to share this experience with my friends. In contrast, HeadStart has allowed me to travel to other countries in pursuit of knowledge and competition. Being able to go abroad and collaborate with my peers against other schools on an international level has sparked my interest in International Relations, which I will be studying in university. Overall, I will truly miss HeadStart, and will always be grateful to my teachers and friends for preparing me to start the next chapter of my life.

Nicholas Gold, Year 13 Senior Prefect

My final year at HeadStart was fulfilled by working as a Prefect. Integrated in the decision making process, as well as directly participating in the activities we organised, I was able to observe, coordinate and action these projects. Since we initiated the Environmental and Sustainability Committee in 2020, I've helped to develop the school's engagement in environmental development, which led us to the Mangrove Teens organisation. Together, with the help of our co-ambassador, Natalie Eichinger and 12 Sixth Form students, we initiated the plantation of 500 mangrove trees. Being part of student leadership at HeadStart is a unique and rewarding opportunity to influence and create change, it allowed me to witness the optimism within the school's managment structure which values and prioritises the students' opinions. Therefore I am certain future student leadership will continue to build on the projects we've established.

Anya Belova, Year 13 Senior Prefect

SECONDARY STUDENT COUNCIL

It is always a wonderful thing to have students exercise their leadership skills in student council. This year has once again been difficult due to the barriers of the global pandemic. Despite these difficulties, the student council, passionately and intelligently led by our Deputy Head Girl, Keira Brain and Deputy Head Boy, Kairui Zhang, have continued to demonstrate the importance of student voice. The council this year has embraced a bigger role in school events, hosting and running different stalls and activities for our community. They have been passionate about the role they should have in the topic areas looked at in our pastoral and PSHE programme and have helped shape a curriculum that also meets the needs of the HeadStart student body. With the restrictions beginning to loosen, I am very positive about the next academic year and what the students will be able to achieve as the school takes closer steps to a sense of normality.

Mr. Matthew Sillett,
Head of Secondary (Pastoral)

Being a student representative to me has been meaningful beyond measure. Witnessing students both younger and older than me strengthen and develop each other's ideas through compassion, humor and a common goal has been truly inspirational. Gathering to discuss how we can better be there for our student body and ensuring everyone is heard has had a multitude of benefits, building representatives to be vocal, open-minded and articulate. I'm grateful to have had the opportunity to continue creating an outstanding and accepting environment.

Chutikarn Doowa (Nanki), Year 9 Student Council Representative

As another year of being a Student Council representative, I have nothing to say but it was amazing. Being a student council has allowed me to meet lots of new people and learn more about my peers. Throughout this year I have been able to participate in lots of events and help reshape the school for the better. We have had lots of meetings led by Keira and Carry who have planned out everything and given us a hand when we needed it.

Federico Solaroli, Year 9 Student Council Representative

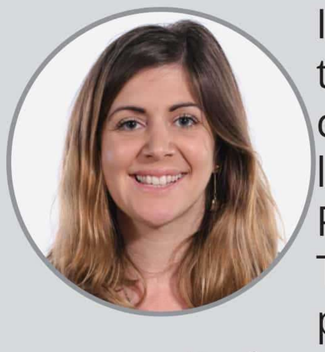

Being a student leader and a proud representative for the class of Year 10 Blue has taught me to become a more responsible and outspoken person, to lead by example, showing resilience and fortitude as well as displaying vulnerability with my classmates. I was relieved to learn that being a student council doesn't necessarily mean that I need to speak in front of large groups, I found that in contrast to extroverted people who lead a crowd with noise and speeches, it suits my personality best to speak to individual people and get their personal opinions and ideas, thus I receive a gauge for the community's concerns. In these dialogues I encourage my colleagues to join me when bringing up our most important issues with teachers in key positions. I hope that I am making the school a more collaborative and nurturing place with my efforts.

Zoe Fuchs, Year 10 Student Council Representative

PRIMARY STUDENT COUNCIL

It has been fantastic to see so many children taking on leadership roles in Primary this year. The Student Council provides a fantastic opportunity for children to develop skills in communication, teamwork, organisation and public speaking and this year's bunch have done a fantastic job!

Alongside our wonderful Primary Head Girl and Boy, each member of the Primary Student Council has demonstrated these skills with enthusiasm and commitment. These students have represented the views of their classmates and with the support of Mr. Clarke, have led some wonderful events in Primary during our Hallowe'en celebrations and during our Mental Health Awareness Week.

Ms. Kirsty Hark,
Deputy Head of Primary (Pastoral)

It has been an honour being Head Boy and doing exciting events. It was nice collaborating with Primary students in our Student Council meetings. I have really enjoyed being in charge of organising events and helping to make sure other children are enjoying them and having fun.

Kanthee Chumkaew (Non), Primary Head Boy 2021-2022

I wasn't expecting to be chosen as Head Girl but I am thankful and proud to have represented the school in this way. In the Primary Student Council we can suggest anything to improve children's learning and happiness and make sure they enjoy school and have fun!

Thanyaporn Singh (Ivy), Primary Head Girl 2021-2022

I like to be in a community that creates changes so that we can come to school and be enthusiastic to learn! I enjoy being a voice for other students. This job has taught me how I can be a leader in the future and it makes me more confident in my ability to lead others. When I was chosen to be a member of the Student Council, I felt empowered that anyone can change the world.

Punnapa Suwankumnoet (Pun), Year 4 Student Council Representative

I like being in the Primary Student Council this year because I like to help make the school a better and kinder place.

Zilong Zhao (Rose), Year 5 Student Council Representative

STUDENT SUPPORT

HeadStart has in place a comprehensive learning support programme. The school supports students with a full range of special educational needs through the inclusion department, including Dyslexia, Autism, Dysgraphia, Social Emotional Mental Health and Communication and Language difficulties. Our provision is both in class and out of class, provided by an ever-growing team. We design bespoke support programmes for individual needs, as well as working with and advising teachers, and modifying and adapting the curriculum to ensure every child can excel. We provide a variety of support levels and adopt a multimodal approach to support. It follows that the Learning Support team is committed to the best possible outcomes for this group of learners. We are lucky to work with some great outside specialists such as Speech and Language therapists (SALT) and Occupational Therapists (OT), and we have a clinical psychologist on site.

Mr. Owen Gleeson, AEN Coordinator

The service aims to ensure that students can participate fully and gain maximum benefit from all that HeadStart's International School has to offer. The counselling service provides a warm and welcoming environment and students may see the school counsellor for a variety of issues including stress, anxiety, depression, family changes, bullying, and more. The service is available to help students with confidential one to one counselling, workshops and presentations to classes and groups, consultation with teachers and parents, group counselling opportunities, referrals for medication evaluation and management with a psychiatrist and referrals for psychological evaluations.

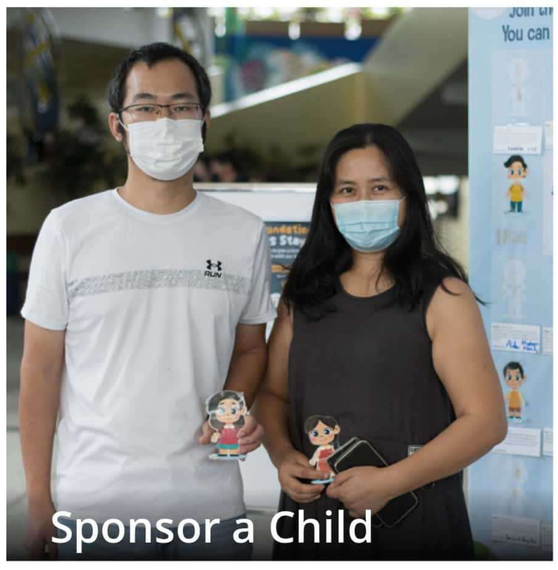

Ms. Stephanie Costa - School Counsellor

COMMUNITY LINKS

12 Hour Swimathon

12 Hour Footieathon

Sponsor a Child

Donating excess foods to SOS Scholars of Sustenance

12 Hour Footieathon

This year we continued to focus our attention on our annual commitment of supporting the Phuket Sunshine Village Foundation via our 'Sponsor a Child' appeal. Thanks to the generosity of the community, we were able to sponsor 70 children's school uniforms, lunch money and stationery needs for the upcoming school year.

Over the past year, approximately 2,500 kilos of good quality surplus food has been donated to the Scholars of Sustenance Foundation. Our donations have allowed the foundation to provide over 10,000 servings to those in need and by reducing waste, we have also succeeded in reducing our carbon footprint.

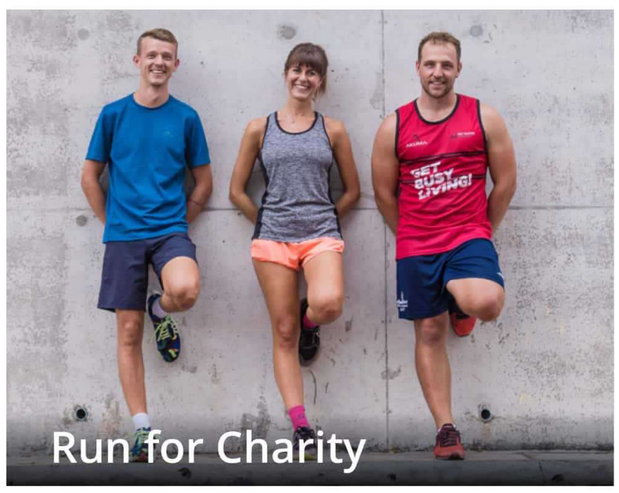

The 12 hour Swimathon and Footieathons were a fantastic success. With the support of the community we were able to raise over 200,000 Baht for the Oceans For All Foundation and ocean sustainability.

Also, by reducing this amount of food waste, you have successfully saved 4,696.15 KG of GHG equivalent emissions (Co_2-e (kg)) or 420 days equivalent of electricity consumption of one household.

Ms. Collette Edouard,
HeadStart Co-Founder and Events Manager

Donating dry goods to SOS

Run for Charity

12 Hour Swimathon

THAI LANGUAGE AND CULTURE

It is our pleasure to inform you all about the successful year the Thai Department has just completed. Looking over this year, despite the challenges that the global pandemic presented, we have successfully organised numerous Thai activities and events at school, including; Loy Krathong, Songkran, the Saturday Thai Culture Club, as well as organising Thai activities for Secondary students in House competitions. One of the highlights of the year that has made us especially proud was when our Thai students, Mason and Opal from Year 7, were given the unique opportunity to be student representatives to welcome the Deputy Minister of Education of Thailand to the 'Southern Private Education Association Opening Ceremony 2022'; as well as Nutcha, our Head Girl, who was invited to perform for the Deputy Minister of Education and delegates from the Ministry of Education at a private event. Congratulations to Nutcha who won 1st place in the singing section of the Private Schools Academic Competition, Southern Region Round 2021 in the 'English Song/ Secondary Level' category. Furthermore, we were honoured to support our students who's parents elected for them to receive Covid vaccinations earlier this year. As always, we will continue to strive for excellence in bringing an appreciation of Thai culture and a high standard of the Thai language to our community in the coming academic year.

Ms. Sontana Baci, School Director &
Ms. Pailin Isalam, Head of Thai Faculty

Yoga for Kids

Board Games Club

The After School Programme provides the opportunity for students to scaffold their learning with closer attention where needed; to improve academic outcomes; to acquire new practical skills; and, to stay mentally and physically challenged. At HeadStart, students in Primary and Secondary can select up to 3 after school activities, free of charge, including academic boosters, clubs, arts and sports, as well as enrol in many other fee paid programmes including dance, tennis, martial arts, science and STEM clubs. Across the school students are enrolled in an average of 3 after school sessions. After months of online learning and restrictions in school, our students, parents, and teachers were thrilled to resume the ASPs. Changes this year included: introducing new genres of dance; reopening the STEM & Robotics club; offering 'Yoga for Kids' and chess clubs by outside providers; moving the Tennis programme to new facilities 5 minutes down the road, and adding a slew of new sport options to choose from. We hope your child has enjoyed their ASPs this year. We will endeavour to remain consistent in the quality and diversity of the programmes offered.

Ms. Anisa Van Der Laan,
Co-Founder & ASP Manager

Outdoor Game

THE CIRCLE OF LIFE

The HeadStart Dance Academy, once again amazed their audience with a beautiful selection of numbers depicting the cycles of life featuring earth, air, fire and water.

Act 1: END OF AN ERA Deforestation, Pollution, Destruction, Over-population, Computerisation, Depression, Questions...lead to the End of an Era. Only a few individuals escape and transit to a new world by virtue of specific dance movements; a bare world where they have to unify the four elements to restore Life again!

Act 2: EARTH: The land is not merely soil, it is a fountain of energy flowy through a circuit of soils, plants and animals.

Act 3: AIR The Element of clarity, of thoughts, of inspiration, insight, and the end, the light source and the soul and fresh starts!

Act 4: FIRE:The most powerful Element! Nothing can exist before the most brilliant flames. Fire is the symbol of the beginning and the end, the light source and the soul.

Act 5: WATER: The Element of movement, energy, feeling, forgiveness and cleansing!

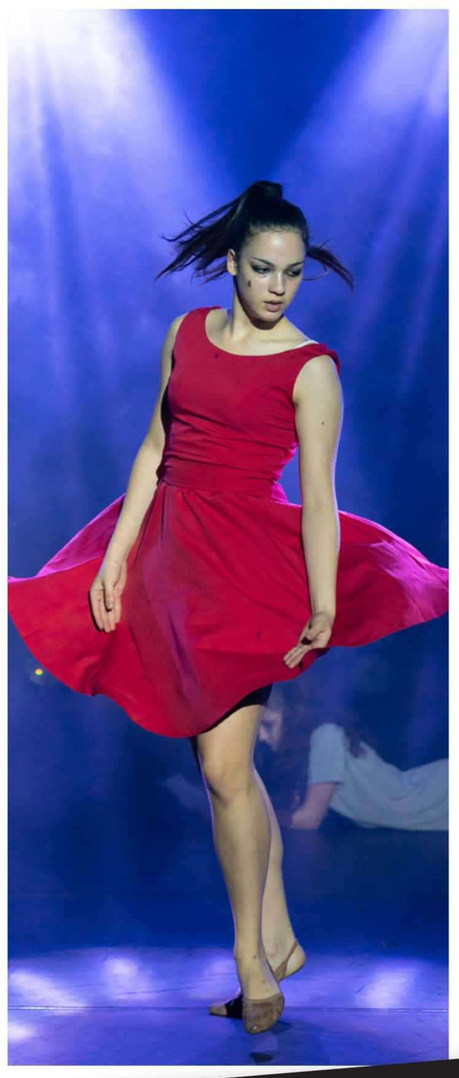

Act 6: THE CIRCLE OF LIFE: Gaia, Mother Nature brings the 4 elements together so vegetation, animals and human being grow again with the consciousness of caring and creating a better world.

Ms. Fabienne Mester,
Founder of the HeadStart Dance Programme

HEADSTART DANCE ACADEMY

Another successful year for the dance academy, with 158 students enrolled! It was a difficult year with absentees due to covid but we made it through. With the launch of the weekend dance program in March, new classes added to the ASP program, the ATOD international dance competition in April (in which we receive the first-ever Golden trophy for the dance academy made possible with Mali Bell's dedication), and the upcoming production of "The Glitch" performing in June. As Head Dance Coach, I truly feel proud of all the students enrolled in the academy and to see them grow and achieve their goals throughout each term. It is a deeply rewarding feeling for me and my team. I am delighted to be here and to have an amazing team of teachers and also to be able to work with the CAPA team. I can't wait to push the Dance Academy to the next level and do more shows, more competition and help all the students grow. I'd like to say thank you to all the students and parents for supporting the Dance Academy. Without your commitment, it wouldn't have been possible. I look forward to next year and hope that we would have more students, more new classes and shows.

Ms. Amina Van Den Sanden,
Head Dance Coach

OUR PASSION FOR SUSTAINABILITY

CHIVITR MISKAWAAN

INTEGRATIVE MEDICINE CLINIC

Chivitr Miskawaan Integrative Medicine Clinic brings the unmatched integrative services that combine comprehensive physical, mental and spiritual growth, leading to a sustainable healthy way of life.

Our curative personalized healthcare involves getting to the root cause of the disease or ailment that you are suffering from and treating beyond its symptoms. We also look to calm and strengthen your immune system to allow your body to look after and heal itself. We look at healthcare from an integrated perspective and believe in treating you as a person, not just a diagnosis.

CHIVITR MISKAWAAN PACKAGES

SKIN BRIGHT & DETOXIFICATION PACKAGE

With the combination of essential vitamins, such as glutathione and concentrated vitamin C, a package for regenerating your skin to look beautiful and glowing from the inside out is ready for you. Skin Bright IV therapy naturally cleanses your body and removes toxins to give your skin a youthful and rejuvenated appearance.

TRADITIONAL CHINESE MEDICINE (TCM)

Constantly evolving and already over thousand years old, Traditional Chinese Medicine (TCM) doctors still use the same methods to measure your bodies energy flow to assess and diagnose symptoms. The (TCM) doctors will then apply one or combined treatments to balance both your Qi and Yin & Yang accordingly. TCM include: Traditional Chinese Acupuncture, Cupping Therapy, Moxibustion, Tui Na and Traditional Chinese Herbal Remedies.

IMMUNE PACKAGE

Support the immune system with multi-vitamins B, C, Zinc and Fluimucil. Protect the body from infections and cancer. Help balance the hormones and strengthen the function of white blood. Prevent infection and reduce inflammation in the body.

LYMPHATIC THERAPY

Lymphatic therapy is a one hour accelerated method of improving the lymphatic system. The primary benefit of lymphatic therapy is minimizing the effects of lymphedema. It helps dissipate any lymph blockage or congestion, improve the elimination of accumulated toxins in the lymph. The therapy has an enormously beneficial effect on many functions of the body, particularly the immune system.

FAT BURN PACKAGE

Stimulate the metabolism, decrease fat mass, and increase lean muscle mass with potentcombination of L-Carnitine, kidmin and vitamin c. As the body ages, the metabolismbegins to slow down. The Fat Burn IV will help burning calories and breaking down fatsnaturally aim you to have a healthy weight and beauty figure.

WATSU & HYDROTHERAPY

Watsu (Water Shiatsu) is a gentle form of aquatic body therapy performed in warm water (35 °C). It combines elements of massage, joint mobilization, shiatsu, and muscle stretching. The relative weightlessness created by the supporting water takes the pressure off the vertebrae, allowing the spine to move in different ways to when stretching on land. Watsu improves mobility and flexibility and has been shown to be beneficial in chronic pain.

FUN IN FOUNDATION

Dearest Foundation Children,
You are the reason our teachers come to school every day with a smile on their faces. We love to watch you play, laugh, learn and make friends!
This year you have been very busy, getting messy, swimming, playing, learning maths, learning phonics and developing lots of new skills! Each of you have become more confident, independent and have learnt the expectations at school.
I wish all of you the very best in your next adventure. Reception children, you are going to be in Year 1, this is a big step for you all but I know you will be excellent!

Ms. Hannah Brown,
Deputy Head of Foundation

Early Years Yellow

Suzi Chaemchaeng

I am so proud of how independent and caring towards each other the children of Early Years Yellow have been. This year they have enjoyed exploring lots of different forms of transportation; we have played with trains, cars and boats. Our Christmas celebration was so much fun, we decorated biscuits, made a snowman and met Santa! Another highlight this year was a wonderful demonstration to parents of the poem 'A Little Seed' during assembly.

Angela Coloma

Aimorn Dech-aran

We have read stories every day and have been creative with playdough, paints, water and slime. Overall, we have had a great time in our class, with lots of play, fun and exploration.
I am really excited about their journey to Reception!

Reception Blue

Natalie Walker

Reception Blue, you have been the most wonderful class. Each day is filled with joy, creativity, and fun which makes me the happiest teacher in the world. We have watched you grow in confidence each day and become independent learners that thrive at HeadStart. Next year, Year 1 is so lucky to have you all and I know you will all love your new adventure. Like we always say, “Are you ready? Yes, we are!” Please come down and see us all. We will miss you all terribly!

Dear Reception Yellow,
You are all very special children! And I want you to know how proud I am to have been your teacher! It has been such an amazing year getting to know all of you and seeing your confidence, skills and even your height grow. You have all developed so much over the course of the year, and I know you are all getting ready to go up to Year One and start a new chapter in the 'big school upstairs'. Myself, Ms. Feliz and P.Kwan are all so proud of you and what you have achieved so far! We will miss you!

PRIMARY

Art is a way of both discovering and recording the world around us. Drawing usually precedes writing as a mode of expression and creativity which in children is uninhibited by the pressures of perfection and fears of failure we can become surrounded by as adults. In this sense, what is recorded then becomes a bodily experience perceived at once through all of the senses and from multiple points of view, exemplifying Picasso's famous quote, ***It took me four years to paint like Rafael but a lifetime to paint like a child.***

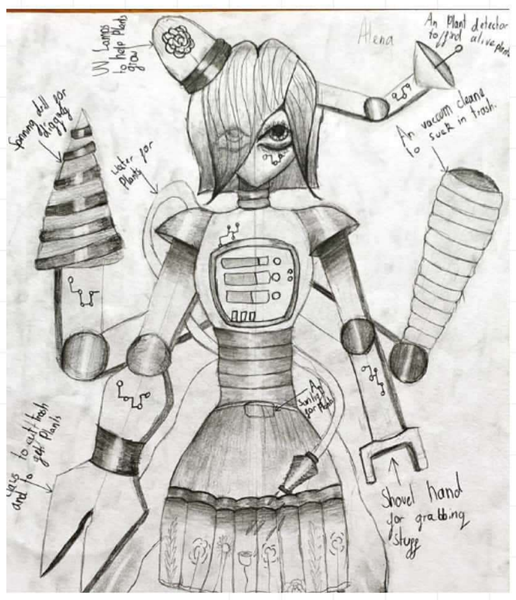

By encouraging creative experimentation, exploring a large variety of media and allowing our students to record and respond to the world around them, we hope our children never have to relearn these skills.

Year 1 Blue

Sam Young

This year has been full of changes and challenges but despite this, our youngest learners in Primary have shown resilience and determination to be the best they can be. I am so proud of them all and I cannot wait to see them develop even more as learners and impress their new teachers next year. Year 1 Blue, this year has not been easy but it has been worth it!

Yieneves Durana

You all bring so much to this team and have made this classroom a wonderful place to learn, laugh and grow together. The classroom will always be a place you can visit so please come say 'hi' and share a joke with us! Thank you for making my job the best job in the world!

Dear Year One Yellow,
What a wonderful year it has been! We cannot express how brilliant and amazing you all are. Together with your huge hearts and cheeky smiles you have given us lots of laughs and memories we will remember forever. Mrs. Lo and I have had an absolute blast! Throughout the year we have had so many adventures and challenges, and with every one of those we became stronger and strived through.

Cynthia Lo-Manipol

One of my favourite memories was our trip to visit the elephants – What an awesome day we had! As you continue to grow and learn through school, remember all the fun things we did and how you overcome any challenges. You were truly a delightful class.

Year 2 Blue

Charlotte Myers

I've had such a marvelous year teaching Year 2 Blue; what a group of wonderful characters! Every child in this class is truly awesome. Each has their own exceptional personality, each bringing something unique to the class - be it their amazing sense of humour, their kind hearts, high energy or positive attitudes - everybody plays their part in making us such a lovely, exciting group.

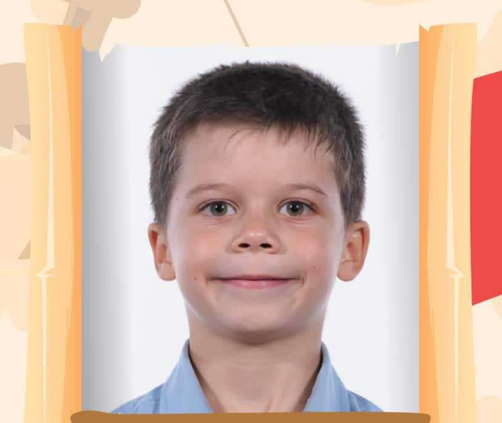

Jaysel Dollolasa

We've often talked this year about being a 'school family' and it certainly has felt like that. I've watched the children learn and grow together and mature into the best children they can be. I am so proud of them all, it's been a true pleasure spending my days with such incredible children. These guys are completely unforgettable and I will cherish this year forever!

Year 2 Yellow

Donna Wintersgill

It has been a year full of adventures, giggles and lots of singing! You have all worked so hard online and in school. We were amazed at how well you adapted each time we had to change our learning, what a bunch of superstars! Your energy and smiley faces make each day full of surprises and wonder, so thank you! The friendships in our class are strong and special; you all work so hard together and are respectful about each other's ideas.

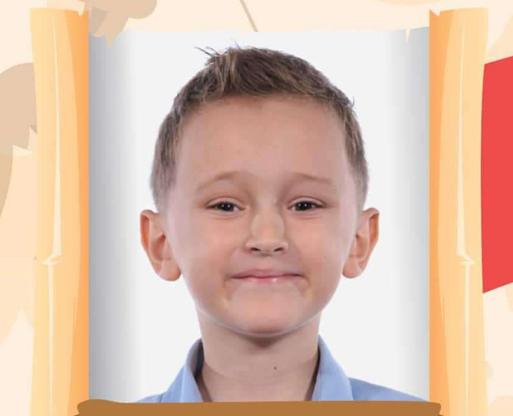

Lyndel Recto

It has been a pleasure watching you grow, learn and develop this year – you are all very special and we make an exceptional team together! Year 2 Yellow, thank you for your enthusiasm, your laughter and your energy, it has been a wonderful year and we shall miss you very much. Always come and say hello, I might even pop on 'Jambo Bwana' and we can have a little boogie! Your futures are bright, let them sparkle and glow!

PRIMARY AWARDS 2020-2021

Welcome to the Foundation and Primary section of our Yearbook 2021-2022. What a fantastic year it has been once again in our Foundation Stage and Primary School. Last year, as I sat down to write a few words to celebrate our achievements and initiatives, we were teaching online. This year has seen us gradually returning back to normal school life. The school has once again been energised by happy and excited pupils, glad to be in school where they can be supported and challenged by their teachers and where our pupils can continue to develop lifelong friendships. At HeadStart, recognising pupil effort and attitude and celebrating pupil successes is an intrinsic aspect of our philosophy and practice. We know that our pupils thrive when their hard work is recognised by their teachers and their peers. It is therefore always a proud moment when I sit down to write a few words for our school yearbook. Alongside praise and recognition in the classroom, our Stars of the Week and Students of the Month events, our annual Primary Awards are our most prestigious celebration. This year, we have added more awards so we can recognise even more Primary pupils for their academic excellence, their attitude towards learning and the progress they have made. Please join me and my team in celebrating the efforts of all our Foundation and Primary pupils and especially our Primary Award winners. These students are outstanding role models and should be justifiably proud of their achievements this year.

Mr. Sameem Khan,
Head of Primary and Foundation

Year 3 Blue

Mark Blacklee

Year 3 Blue has had an incredible journey this year, although a little bumpy with the online learning periods at times. Both Ms. Mency and I cannot believe how much you have all grown up so quickly and forged ahead academically. You are all so different to when we first met you, with your amazing personalities now really shining so brightly! It has been a brilliant year and we will both be so sad to say goodbye,

Mency Regalado

but you all deserve to progress on to new pastures in Year 4. We will really genuinely miss you all so much. Please remember, our door is always open and we will be here to support you for any times you may need us in the future. In fact, we would be very disappointed if we did not continue to see your smiling faces regularly! Good luck to the total superstar Year 3 Blue team!

Year 4 White, well done on a successful year! You have worked hard and it has been my privilege to watch you all grow in confidence and develop your knowledge and skills during this period of your learning journey. You deserve to be proud of- not only your achievements- but also of your resilience and continued motivation, given that the pandemic threw some challenges in our path throughout the year! Yet despite our start to the year learning online, as well as a couple of short periods revisiting Google Classroom life, you have made the most of any situation and continued to thrive.

Johanna Pon-an

It has been my pleasure teaching, guiding and learning with you and I thank each and every one of you for your curiosity and enthusiasm. Keep up the positive attitudes and hard word and you will be successful in anything you choose. I am excited to hear about the amazing things you go onto achieve next year in Year 5! Keep up the great work!

Year 4 Yellow

Ben Stephenson

Another year has flown by and yet again I have been blessed with a wonderful class to teach. Throughout our time together, I have seen artists hone their skills; writers consider other writers' craft and refine their own stories; mathematicians crack the hardest of challenges and young children grow and mature into confident learners. We have shared stories, lessons and laughter in all areas of our curriculum.

Joahna Bacsarsa

Learning is a collaborative process and just as the children have learnt from me, I have learnt from them. They have taught me compassion, determination, dedication and so much more. It has been a privilege to teach Year 4 Yellow this year and I would like to wish all of them the very best as they make their way to Year 5.

Year 5 Blue

Carla Whitehead

Year 5 Blue, you have been amazing! You are bright, hard-working and passionate children and you are all so special to me in your own wonderful and unique ways. There hasn't been a dull or boring day with you guys; you've made my smile bigger, my laugh louder and my life a whole lot better and because of you, I go home every day feeling fulfilled and extremely lucky to be your teacher.

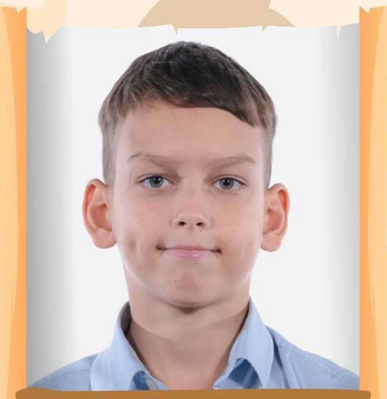

Rey Quemado

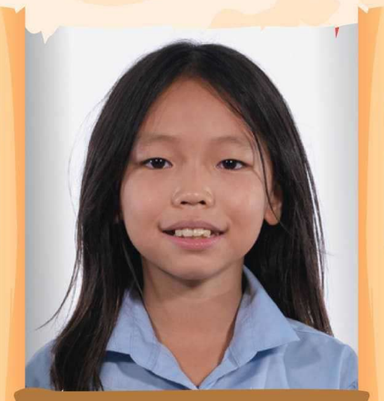

Although I have taught you about the Ancient Greeks, fractions, mountains, rainforests, fronted adverbials and so on, you have taught me so much more! So I just want to say a huge thank you, from the bottom of my heart, for making this year such a fun, special and memorable one. You are destined to achieve great things in life, so remember – "never ignore a possible".

Year 5 Yellow

Dan Nicholson

It's been a wonderful year in Year 5 Yellow and Ms. Jo Ann and I have had the privilege to spend it with children whose personalities, interests and talents are extremely varied. We have both had the pleasure of teaching some of the children before and it's been lovely to see how those children have grown into the independent, motivated learners they are today. Newer members of the class have brought their unique characters and abilities to the group and have quickly become valued members of our community.

Jo Ann Capalihan

This year, we have seen Year 5 Yellow children celebrating each other's successes, showing resilience in the face of difficulties and approaching new ideas and challenging tasks with a spirit of curiosity and shared endeavour. We will miss them all when they move on to Year 6. Good luck next year and beyond!

Year 6 White

Alex Bell

What a strange year it has been! Having started our learning journey together online way back in August 2021, staring at faces (or sometimes just avatars!) on a screen and trying to get to know each other through the miracle of 'break-out' rooms, the return to in-school learning gave us all a chance to get to know each other in real life and share so many memorable moments. Who could forget the passion and excitement as we shared the stories of Zoe and Munchkin, Michael and Kensuke? Or the birth of Wordle in our morning Homerooms? The students of Year 6 White have made us so proud with their resilience in overcoming challenges, their 'bouncebackability' when facing with disappointment, and with the amazing progress they have made in their learning- all with a laugh and smiles on mask-hidden faces!

KHAOLAK PHANG-NGA

Ocean Breeze Resort Khaolak

The Perfect Place For Your Dream Get Away

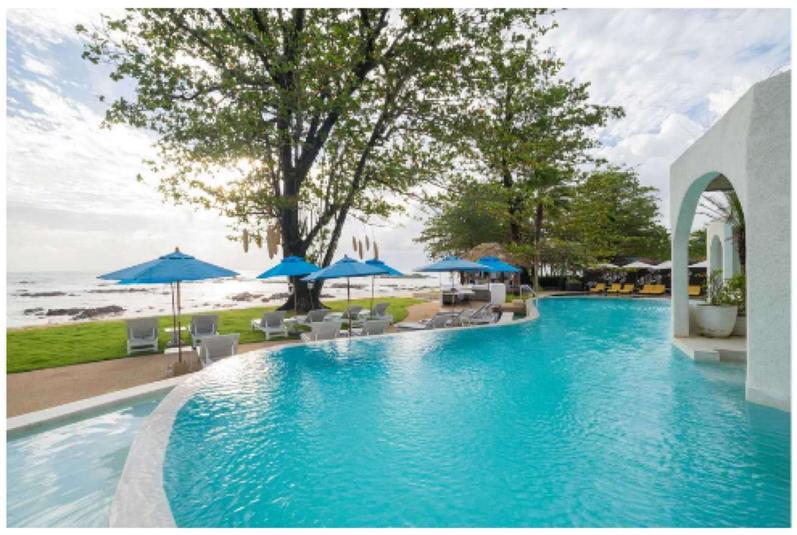

Our private & beautifully renovated Resort is situated on a private beach in Khao Lak, just meters away from a secluded pristine beach and the emerald shores of the Andaman Sea. It is close to various unspoiled islands off the coast and the famous Phang Nga National Park. The outstanding Similan Islands, one of the world's top ten diving sites are only a short speed boat ride away.

Ocean Breeze Resort Khaolak is a true hideaway and most suitable for couples and honeymooners seeking pure relaxation but also very family-friendly. The resort's beautiful contemporary Thai style features both the finest cultural and natural elements of Thai design.

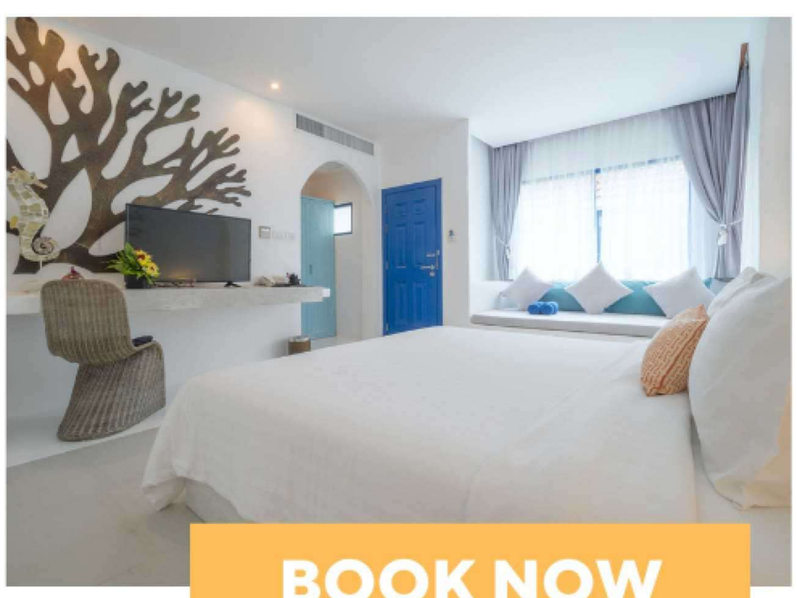

We offer 24 wonderfully designed private bungalows and 14 superior rooms with all comforts for a true getaway vacation. The resort also boasts 6 Family Rooms, 6 Jacuzzi Suites and 19 Deluxe Rooms. Our swimming pool is located near the beach and has a separate children's pool and Jacuzzi. Our beach restaurant features Thai and Indian dishes as well as international favorites, while the nearby beach bar serves up unforgettable holiday cocktails for you to enjoy while you witness the stunning sunsets off the west coast of Thailand.

Our resort is located approximately 70 kilometers from Phuket International Airport; less than an hour's drive away.

Ocean Breeze Resort Khaolak is also a perfect location for a destination weddings on pristine Nang Tong Beach, Khaolak's finest beach with uninterrupted, breathtaking panoramas to the Andaman Sea.

THE FOOTBALL ACADEMY

The 2021-22 year has once again tested the resilience of our community, however we have continued to work through it together, and football for many of us in the Academy has been a shining light. This year, we have seen continuous growth in player numbers, making it more competitive and with new players also looking to join the teams. Although for Term 1 and 2 we were unable to play matches, the players continued to work hard and develop through the new training schedule; which now includes Futsal for all teams and the introduction of the Strength and Conditioning for our older players. We are also delighted to be able to run regular goalkeeping training sessions which have certainly helped our goalkeepers with their individual skill and confidence. These achievements have only been possible with the fantastic support of the coaching team, the players, the parents, and the school itself, which has allowed us to play competitive matches before most others. The Football Academy is continuously looking to give the best possible football program for the players, and provide a fun and challenging environment for all. We are again extremely proud of all the players, so well done and always remember NGU!

Mr. Stef Frost, Head Football Coach

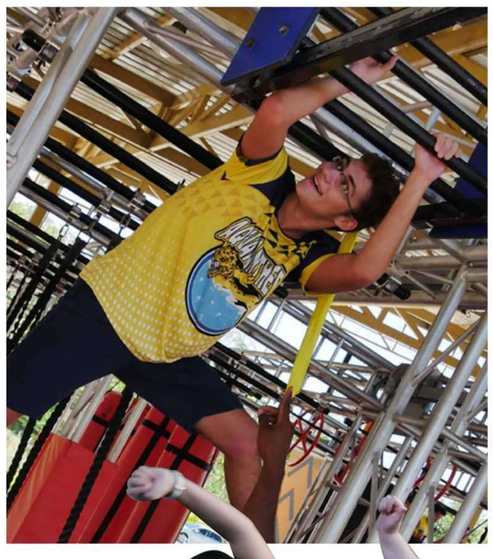

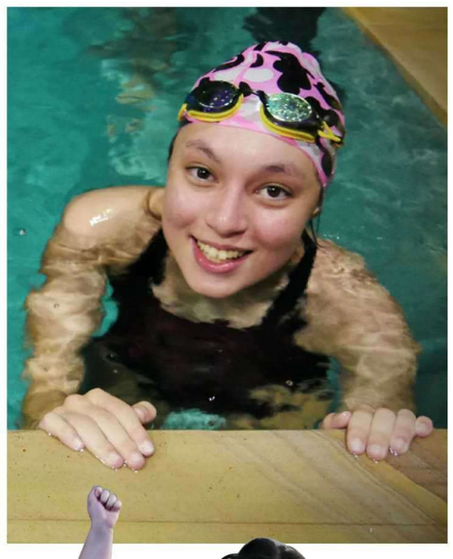

THE SWIMMING ACADEMY

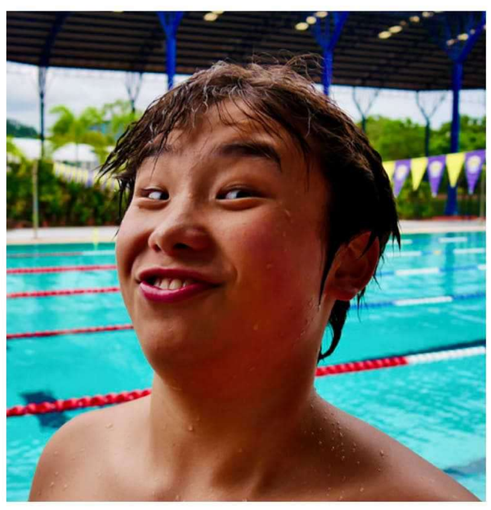

That's a wrap! The Aqua Panthers had a fantastic year with many new faces and new challenges. As expected, we had many meets delayed or cancelled due to worldly events, but throughout all the uncertainty, our swimmers showed up and delivered outstanding efforts at all practices and events! This year we hosted meets, had our annual 12-Hour Relay and our first ever open water swim at Blue Tree!

Each season, I am hugely impressed with the dedication of each of the swimmers on our team. Swimming takes a lot of work and focus and I know our team has what it takes to become even more amazing than they already are. Coach Sarah, Coach Nut, Coach Puy and I are so grateful to have this group of swimmers, and we are all looking forward to watching them continue to improve and progress. See you next year!

Mr. Zak Brown, Head Swim Coach

SPORTS DAYS

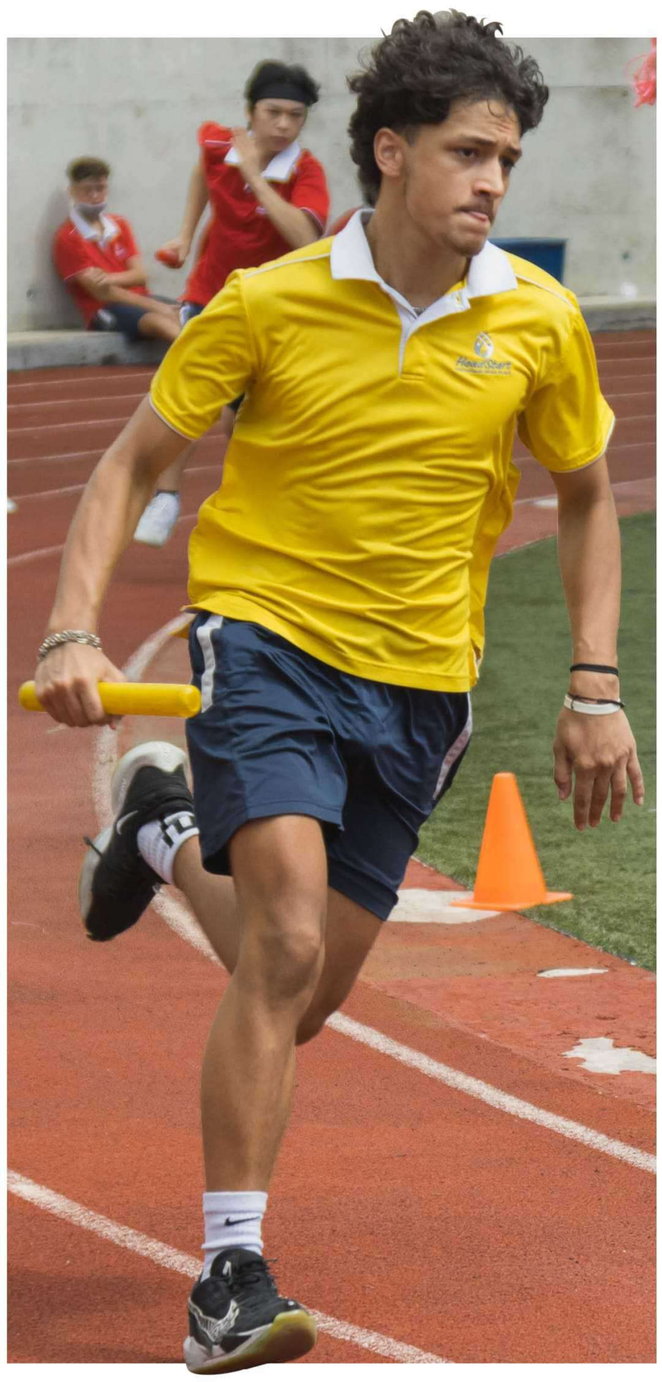

Sports Days are a fantastic opportunity for students to showcase their ability to work together as a team, communicate effectively and ability in a sporting context. This year's Sports Days were full of fun and competition! Students across the school were able to take part in a range of traditional athletic events such as the 100m sprint, javelin and relays. In addition, a range of wacky races allowed the excitement of the days to build. It was great to see so many students show their grit and determination during the competitions with over all winners being the Yellow Cheetahs.

Ms. Lucy Wilson, PE Coordinator

HEADSTART SPORTS

Another successful year, in spite of our sports programmes being affected by the Covid pandemic.

Coach Paul Rothwell joined the Football Academy, settling in very well, pushing and challenging our Academy Footballers.

We welcomed Ms. Lucy Wilson, our new PE Coordinator, who made many positive changes, ensuring that our students get the very best PE experience possible.

We also appointed Basketball Coach, Mike Yialas. He stepped up to the free-throw line and slam-dunked his way into the programme with his high energy, fitness based drills and skills.

In spite of Covid, Coach Brown and his Aqua Panthers had a series of mini meets, and we were also able to attend meets against UWCT and BISP. The Aqua Panthers programme will continue to grow after initiating the Aqua Cubs programme this year and the 12 hour Swim Relay was another resounding success, swimming over 47km!

Coach Frost's Football Academy continues to grow in numbers and, most notably, he added Strength & Conditioning, Futsal for all, and the Panthers also participated in their first 12 hour Footie-a-thon.

The Academies combined raised 214,000 baht for Oceans for ALL!

Well done everyone, I wish you all a happy summer!

Mr. Nick Carter, Director of Sport

RESIDENTIAL TRIPS

THE INTERNATIONAL AWARD

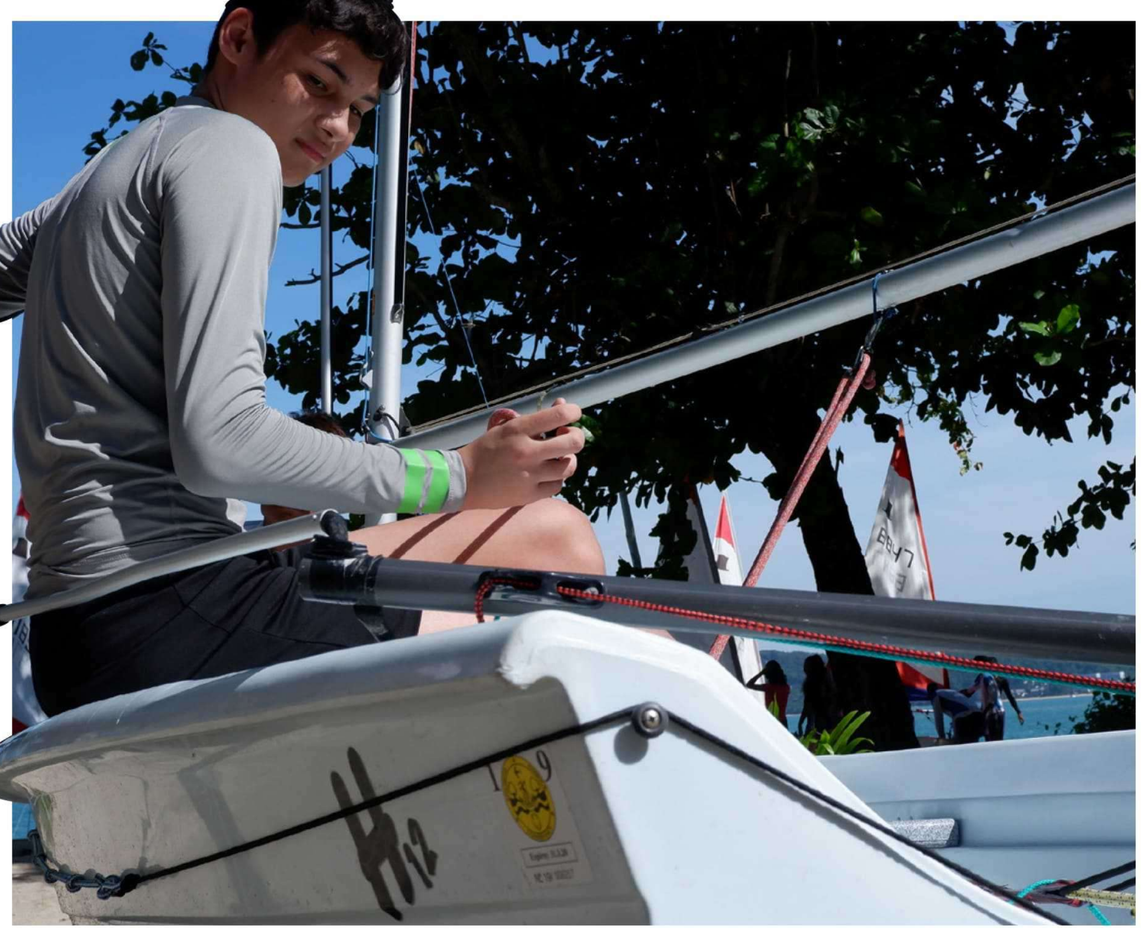

Duke of Edinburgh this year has been a real challenge for our students. Year 12 students have learned the skills to be able to sail as part of their Silver Expeditions. Year 10 students have recently completed their Bronze Expeditions in which they were kayaking. They have been learning different strokes to be able to paddle over 10 nautical miles a day around Chalong bay and Koh Lon. On top of the expeditions students have been working towards their goals in terms of community service, developing a wide variety of skills from playing musical instruments to baking a wide range of treats for their assessors. Students have also been working on their goals for physical activities from dance to touch rugby, football and swimming. I would like to congratulate all of the participants this year for their hard work and dedication to completing their awards.

Mr. Dale Benham & Mr.Ben Salmon

ACADEMIC ACHIEVEMENTS

Once again we celebrate another year of academic success...

A Level Our Year 13s achieved an A Level pass rate of 98%, including 53% of grades awarded at A*-A. Suphatchaya Phewngam, Valentine Guillerey, Elizaveta Stashevskaia, Charlie Suzuki and Nam Boucahra each achieved 3 or more A-A* grades. Our Head Boy, Hyunseung Lee, was awarded A* grades in all 4 of his subjects.

AS Level Our Year 12s achieved a pass rate of 100%, with 48% of results at A grade. Nutcha Phaisamran (Head Girl 2021-2022), Teethabhumi Tripatarasit, Natnicha Kalajuk achieved 4 A grades each and are now applying for top universities.

BTEC Samantha Manton Achieved a Distinction* for her BTEC Level 3 Diploma in Travel & Tourism, as well as A grades in each of her A Levels. Sandi Davies achieved a Distinction* for Business and a Distinction for Travel & Tourism. Sina Stahl achieved Distinction/Distinction* in each of her BTEC subjects.

IGCSE (Year 11) HeadStart is pleased to report another outstanding set of examination results at IGCSE. In 2021, 97% of IGCSE grades were A*-C and 47% were A*-A. The following students achieved 7 or more A-A* grades: Keira Brain (Deputy Head Girl 2021-2022), Supicha Songpetchmongkol, Jessica Jungjai, Denis Solodkov, Alicia Martin, Aneeta Mettapanyalert, Roy Caspi, Yingge Liu

Our warmest congratulations go out to all HeadStart students and teachers for the effort and hard work that were necessary to gain these fantastic results.

Ms.Jennifer Blackweir,
Deputy Head of Secondary (Academic)

GRADUATION 2021

SECONDARY AWARDS 2020-2021

Secondary students, whether it is in the swimming pool, on the dance floor, in academic lessons or any of the myriad activities at HeadStart, you have excelled this year in all aspects of school life. As you look through the following pages, you will see individual students who have been highlighted for their achievements, effort and improvement and rightly so. But all of you deserve to receive an award and praise for how you conduct yourself and succeed in all that you do every day in school. I and all of your teachers are in awe of how you have continued to approach your studies with enthusiasm and dedication, whether online, hybrid or in school. You have fully embraced the school's focus on the Social and Emotional aspects of Learning this year, whether in the classroom or outside of lessons. This has manifested itself in how you interact with each other and your teachers around the school, showing yourselves to be kind and caring. No better examples of this have been the number of service activities you have been involved in: Life Bag packing, a Swimathon & Footieathon, mangrove and seagrass planting and events you have led for each other: Lunch Bunch, Hallowe'en and Valentine's Day, to name but a few. You have all grown so much as young people this year, and I look forward to seeing you develop further next year if you are staying at HeadStart. If you are leaving or graduating, I hope you will look back at your fellow students/friends in these pictures and remember them, your teachers, and cherish the experiences you had at HeadStart that will stay with you for the rest of your life!

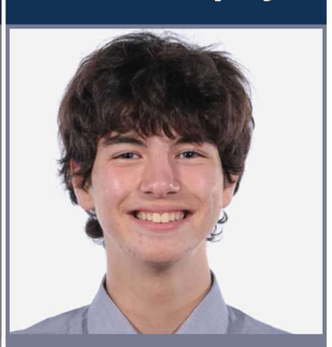

Mr. Richard Lukats, Head of Secondary

Student of the Year

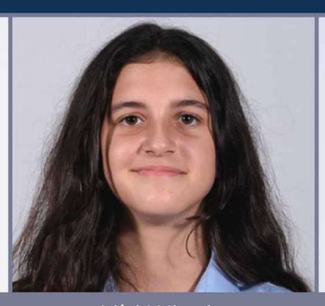

Esther Herbold

YEAR 7 BLUE

Thomas Dagnall

HeadStart International School

Year 7 Blue- the only blue team that's managed to make me proud this year (let's not talk about football). It's been an interesting start to life in Secondary and I can only commend how you have all adapted to the trials and tribulations of what was a particularly challenging start to the school year. It has been wonderful getting to know you all this year, first as small faces on a screen and then in person as the awesome assortment of wildly different personalities that you are! You are a supremely talented bunch and I look forward to seeing you all take another step closer to reaching your giant potential next year!

YEAR 7 WHITE

Alia Sillett

HeadStart International School

It has been an absolute pleasure being your Homeroom teacher this year! Thank you for taking my mantra of 'leading with kindness' and delivering it every day. This year we have had a few challenges to overcome but during these times you have demonstrated your resilience and support of each other. We also welcomed some new faces, all of whom assimilated into the class seamlessly and all made to feel welcome. A highlight of the year was the residential, where I got to see you all in a different light, jumping from cliff faces and winning dragon boat races! Over this year you have all grown and matured and I am confident that you will all continue to excel, both academically and holistically. Good luck next year, I can't wait to see what the future holds for you all

YEAR 7 YELLOW

Linh Nguyen

HeadStart International School

It has been a wonderful year! I've loved starting this year being the 'newb' of Secondary with y'all. I have truly enjoyed being a part of this journey with you as your Homeroom teacher and I want to congratulate each and every one of you on successfully completing your first year in Secondary school. I know that transitioning from Year 6 into Secondary can be challenging and scary, but we made it through together! We had some great memories together from our morning "Wake Up Song" to our weekly PSHE/SEL lessons and the fun residential trip at Angsana! I hope to make more memories with y'all in the future and I wish you all the best for the rest of your HeadStart experience! Best wishes!

YEAR 8 BLUE

Alex Holmes

HeadStart International School

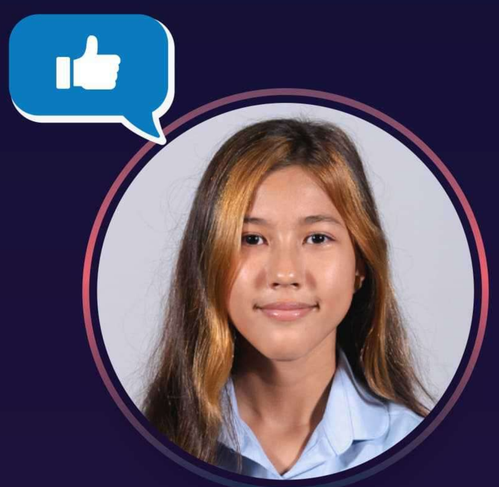

It was so sad to be starting another year online and so nice to feel that we are finally putting online learning behind us. It's not been easy, but Year 8 Blue have come out the other side stronger and more resilient. They are a diverse bunch, with many strong personalities and different outlooks on life. Despite this, they are now beginning to really support each other and act like a team. One of the biggest pleasures as a teacher is watching your students develop year upon year and our recent residential trip really showed how much they are growing up. I have certainly enjoyed getting to know them and I wish them every success for the future.

Jody Leow

HeadStart International School

You have all kept me very busy this year with your boundless energy and unique sense of humour. It has been a pleasure spending time with you in Homeroom, PSHE and Art class. I was really happy to join you in your adventures on our residential trip to Khao Sok, watching you all getting soaked inside your bamboo shelters was such fun to see. You are all fantastic individuals with so much potential. Remember what Mr. Paice said to you, “You are all priceless.” As you know, I am returning to the UK this year. I have been with some of you since Year 1 and it has been a pleasure to see you grow and progress. I wish you every success and all the best for the future.

YEAR 9 BLUE

Patrick Graham

HeadStart International School

It has been wonderful getting to meet these little scamps, and I have felt very welcomed by the class. This has been a disrupted and difficult year for many reasons and I have been continuously impressed by Year 9 Blue's ability to adapt and maintain a relaxed attitude to the challenges they have faced. I have greatly enjoyed getting to know everyone, and getting to see all of them on their residential trip was a particularly fun experience, despite far too much flexing. I am looking forward to taking you through Key Stage 4 in Years 10 and 11 and helping you choose the kinds of people you want to be and kinds of lives you want to live.

Patrick Brown

HeadStart International School

Thank you all for another busy but successful year. Despite the difficulties and challenges we have encountered this year, you have all embraced and overcome them. You have been very welcoming and supportive to our new homeroom members Baimon, Ines, and Oliver who have settled in well as a direct result of this. It was great once again to see you all in a different environment on the Year 9 trip. Your behaviour towards each other and conduct outside the school environment was impeccable and a credit to the school. I look forward to seeing you all next term and wish you all well at the start of your IGCSE studies in Year 10.

SECONDARY ART GALLERY

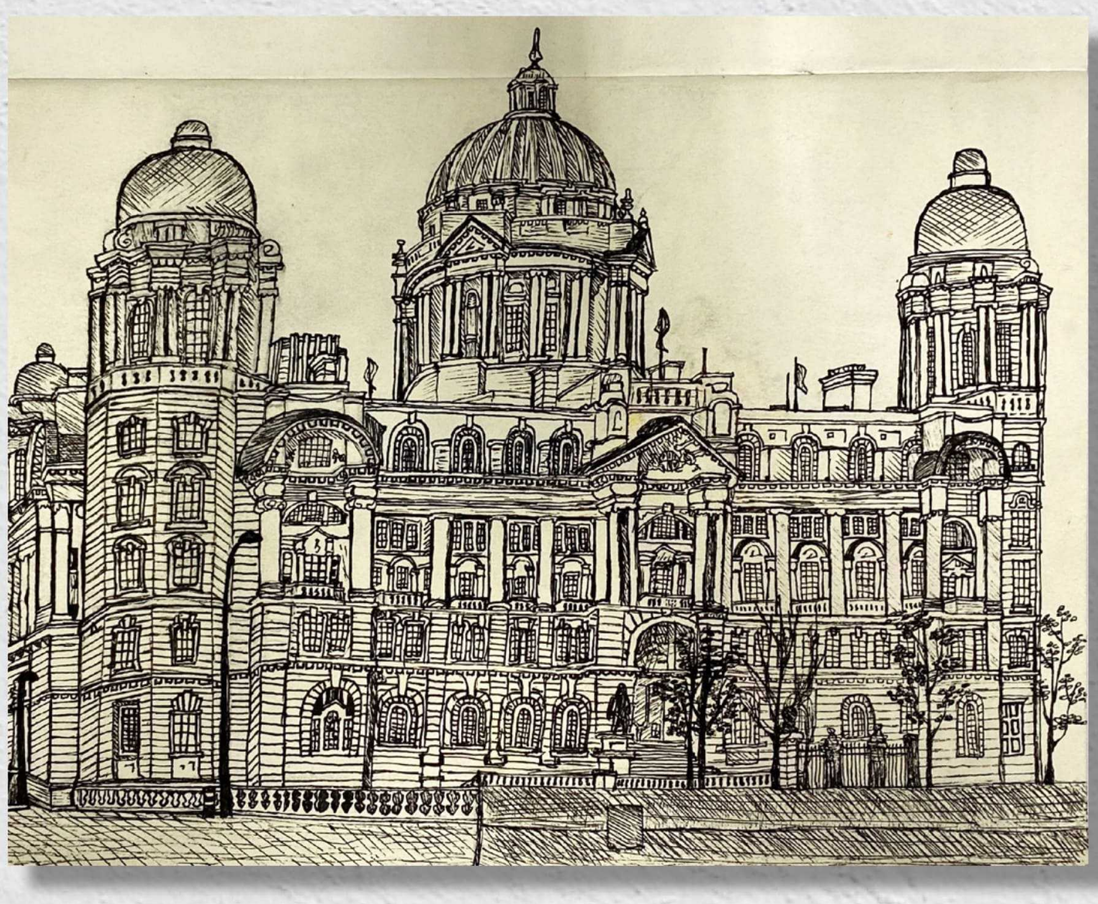

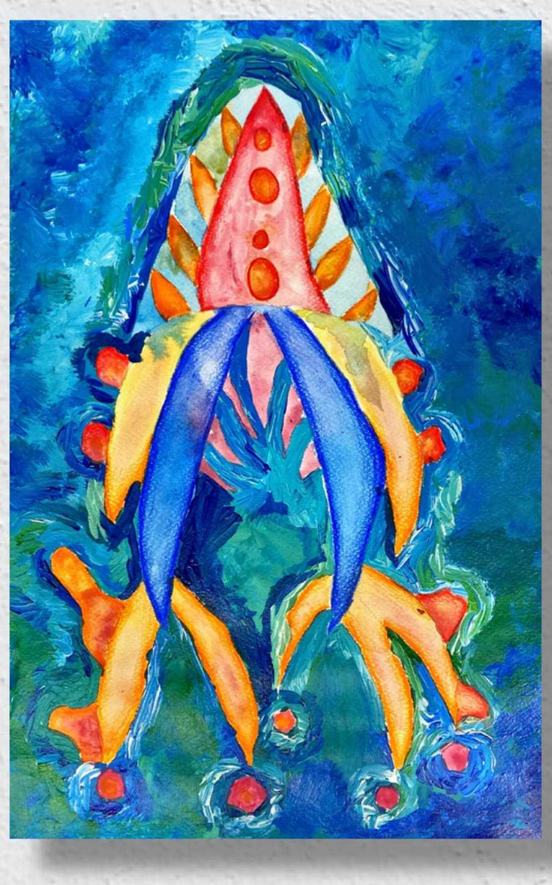

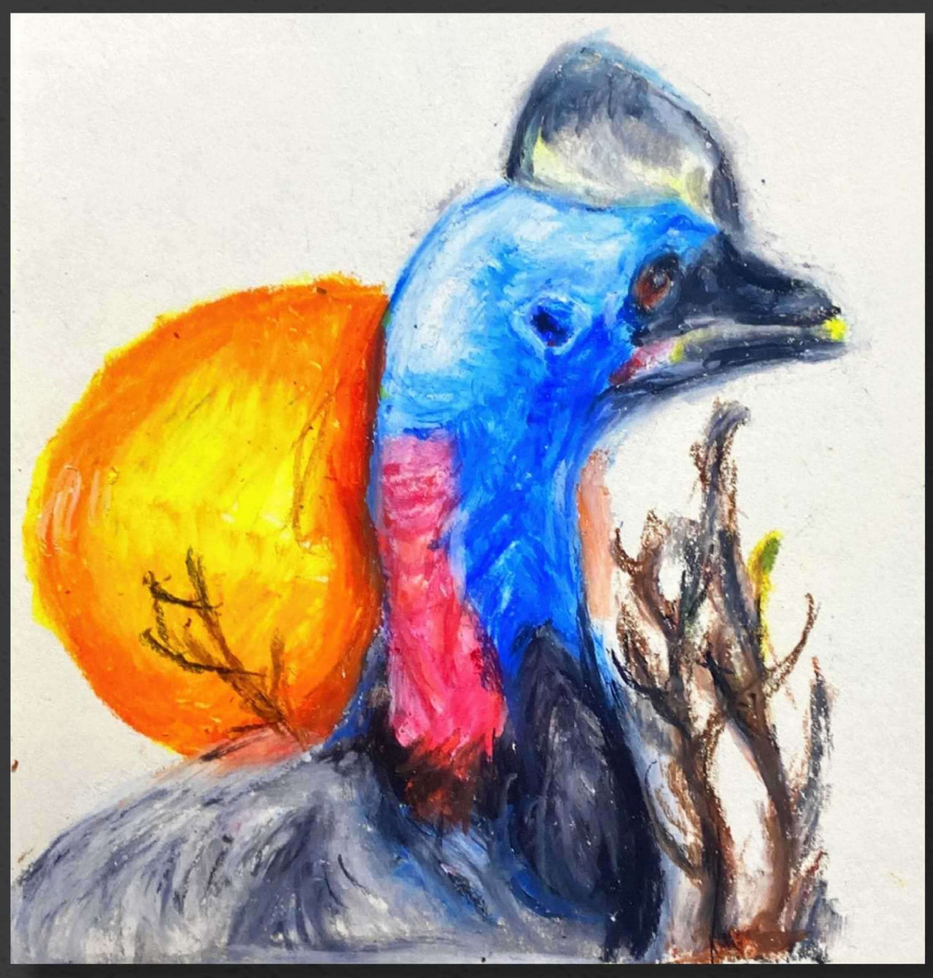

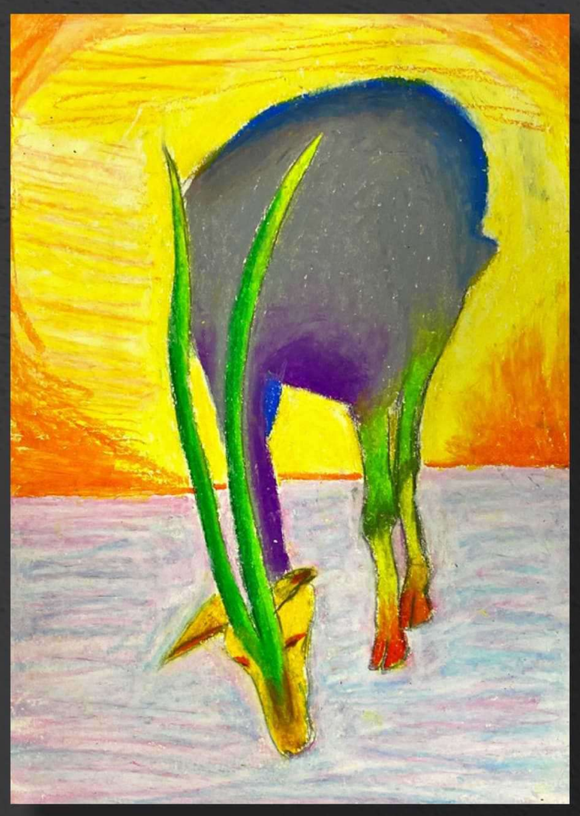

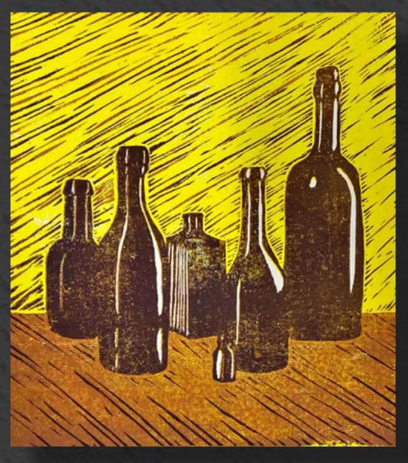

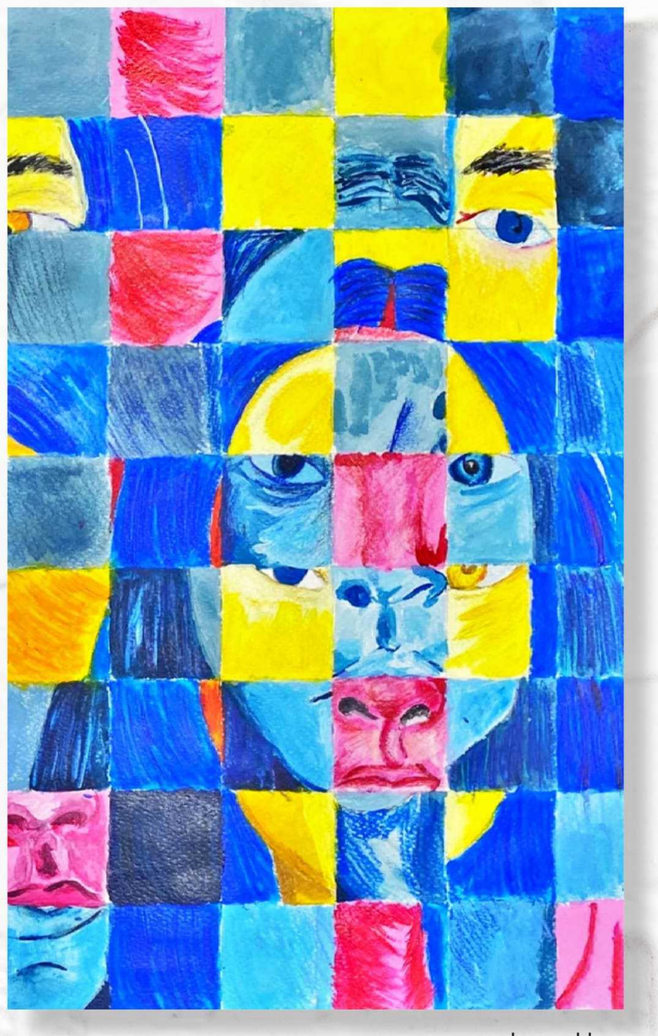

Neil Gaiman said, “The world always seems brighter when you have created something that wasn’t there before”. Through the tough times of the last few years many people have embraced the comfort of creation to alleviate themselves from the stresses of life in a pandemic. The joy of creation- regardless of outcome- is a key element to Art, endowing upon the students a life affirming feeling of satisfaction and happiness through recording themselves and the world around them. This year, younger students have given our environment a new glow through colourful and stimulating creations in a variety of media based upon themselves and the world around them.

Creativity takes courage - In a world full of instant judgement and immediate gratification it takes true bravery to create something meaningful and present it for assessment by others. However, this is exactly what our students have done. Throughout the many harships the past year has thrown at them, the students' attitude to their work has been exemplary. Their dedication, hard work and determination to succeed has resulted in them producing some fantastic bodies of work; showcasing their enormous levels of talent through painting, drawing, printmaking and three dimensional work. We wish them all the best for their results and look forward to seeing what new creative endeavours they will produce in the future.

A-LEVEL ART GALLERY

Stella Thipsak

As any artist will explain, the journey to an informed, personal and meaningful outcome can be difficult to navigate. Artists must show grit, determination, accept failure as a lesson and become adaptable to any challenges that lie in their way. As Edward Degas describes, “Art is really a battle.” Our A Level artists have certainly succeeded in this adventure continually pushing themselves to greater levels of success and journeying beyond their comfort zones into ever more expressive and conceptual ideals. We commend their high standards and express our excitement at seeing them embark upon the next stage of their creative journeys.

“ Well Governed, Trusted, Stable, World City, Traditional, Historic ”

Are you looking to diversify your property portfolio, whilst also benefiting your kids who might be studying in the UK?

Now is the time to invest in properties in the UK

- **UK undersupply drives demand**

Hometrack's latest report states that the supply/demand imbalance is supporting the headline rate of growth.

- **Positive UK house price predictions**

Savills' predict UK prices to grow 15% on average by 2024.

- **Number of UK renters to grow**

Resolution Foundation research estimates that UK renters will outnumber homeowners by 2039.

- **Rapidly increasing population**

The UK’s population is forecast to reach 74 million people in the next 20 years – a clear sign of the vast housing demand building within the market.

- **Universities placements offered to International students by 9%**

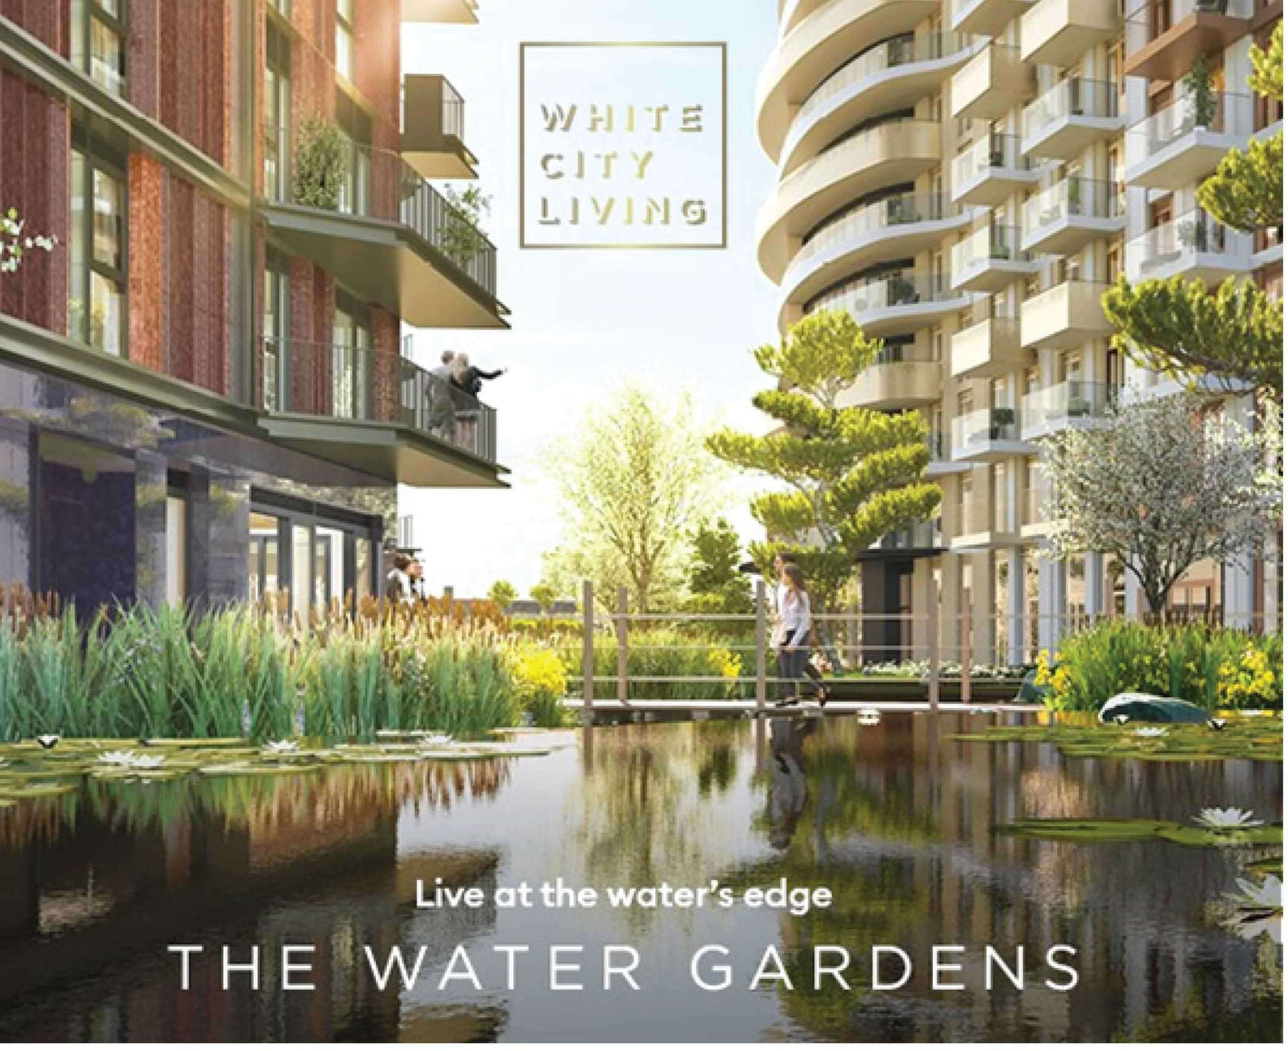

The Universities and Colleges Admissions Service (UCAS) states UK universities saw 9% increase in the number of undergraduate students from outside the UK and the EU.

- **Favourable currency exchange rate**

Weaker pound makes British housing more affordable. In 2005 the exchange rate was around THB 70 per GBP 1. Whereas now, the pound has dropped to approximately THB 42 per GBP 1*.

Email : apichaya@pentaclesten.com
Phone : 098-956-6551 (Amm), 096-146-1544 (Sammie)

* Exchange rate as of 12th May 2022: GBP 1 = THB 42.37

White City Living is set in 20 rai of parks and gardens, surrounded by world-class retail, entertainment, education, culture and commerce. At the heart of this new neighbourhood is a unique opportunity to live by the water's edge, surrounded by nature overlooking the Central Gardens or within the Cassini tower at White City Living.

- Two Underground stations at the entrance, less than 15 minutes from the West End, and just 12 minutes to Bond Street*

- Next to Westfield London – Europe's largest shopping centre

- Next to white city place, home to the European Headquarters for; L'Oréal, Tommy Hilfiger and many other leading edge businesses

- Next to Imperial College London's new 58 rai campus and within 30 minutes of four of London's top five universities

- Residents' facilities include 24-hour concierge, swimming pool, gym, entertainment suite, lounges, bars, etc.

1 and 2 bedroom apartments available
Prices from £845,000 (35 MB*)
Move in Winter 2022

Royal Exchange is situated in the heart of the lively market town of Kingston Upon Thames. The development is on the door step of the river Thames, with central London just an easy train ride away.

- 7,400 rai of parks and gardens, including Hampton Court Palace, Bushy Park and Richmond Park, all within close proximity

- Kingston Railway station only a few minutes walk, with direct trains to London Waterloo in 30 minutes

YEAR 10 BLUE

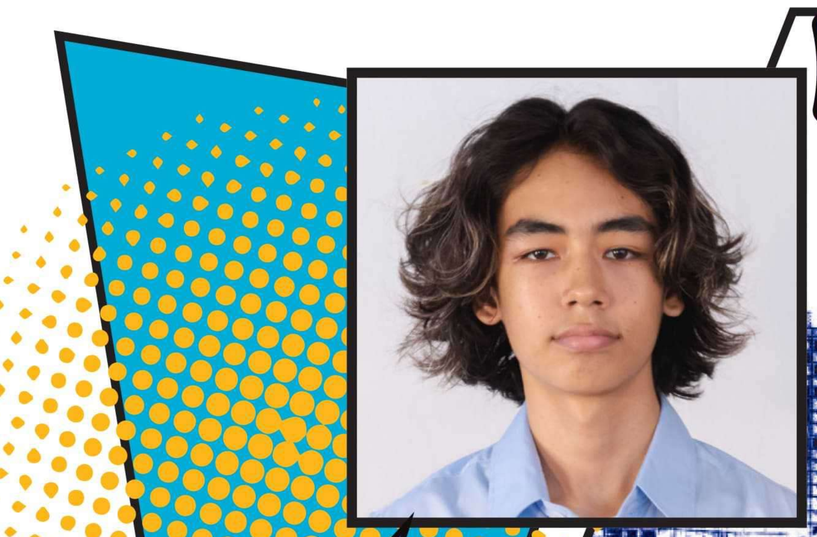

Well done Year 10 Blue for a fantastic first year as IGCSE students. It has been a pleasure to guide you through the transition to Key Stage 4 and all of the challenges and opportunities that come with it. You've worked hard and supported each other through unpredictable times and made lifelong friendships as a result, although you can still be quite grumpy in the mornings...(!) Your achievements this year have made you well prepared to face your final exams next year. I wish you the best of luck and look forward to seeing you all again in Year 11.

YEAR 10 WHITE

Year 10 White, what a year it's been so far, as you've embarked on your IGCSEs! I am very proud of the young people that you are all becoming, as you discover and pursue your passions and grow in confidence. We have been through adventures together on the open seas, witnessed Lukas' five star cooking, heard Lucky make many strange noises, and are often blessed with Fifi's singing. I'm happy that I got to teach a select few of you my favourite game, Spikeball. It's always a pleasure when you say good morning to me, and even when you don't... Well, there's always tomorrow. Remember to be yourself, be kind - and stay weird.

YEAR 10 YELLOW

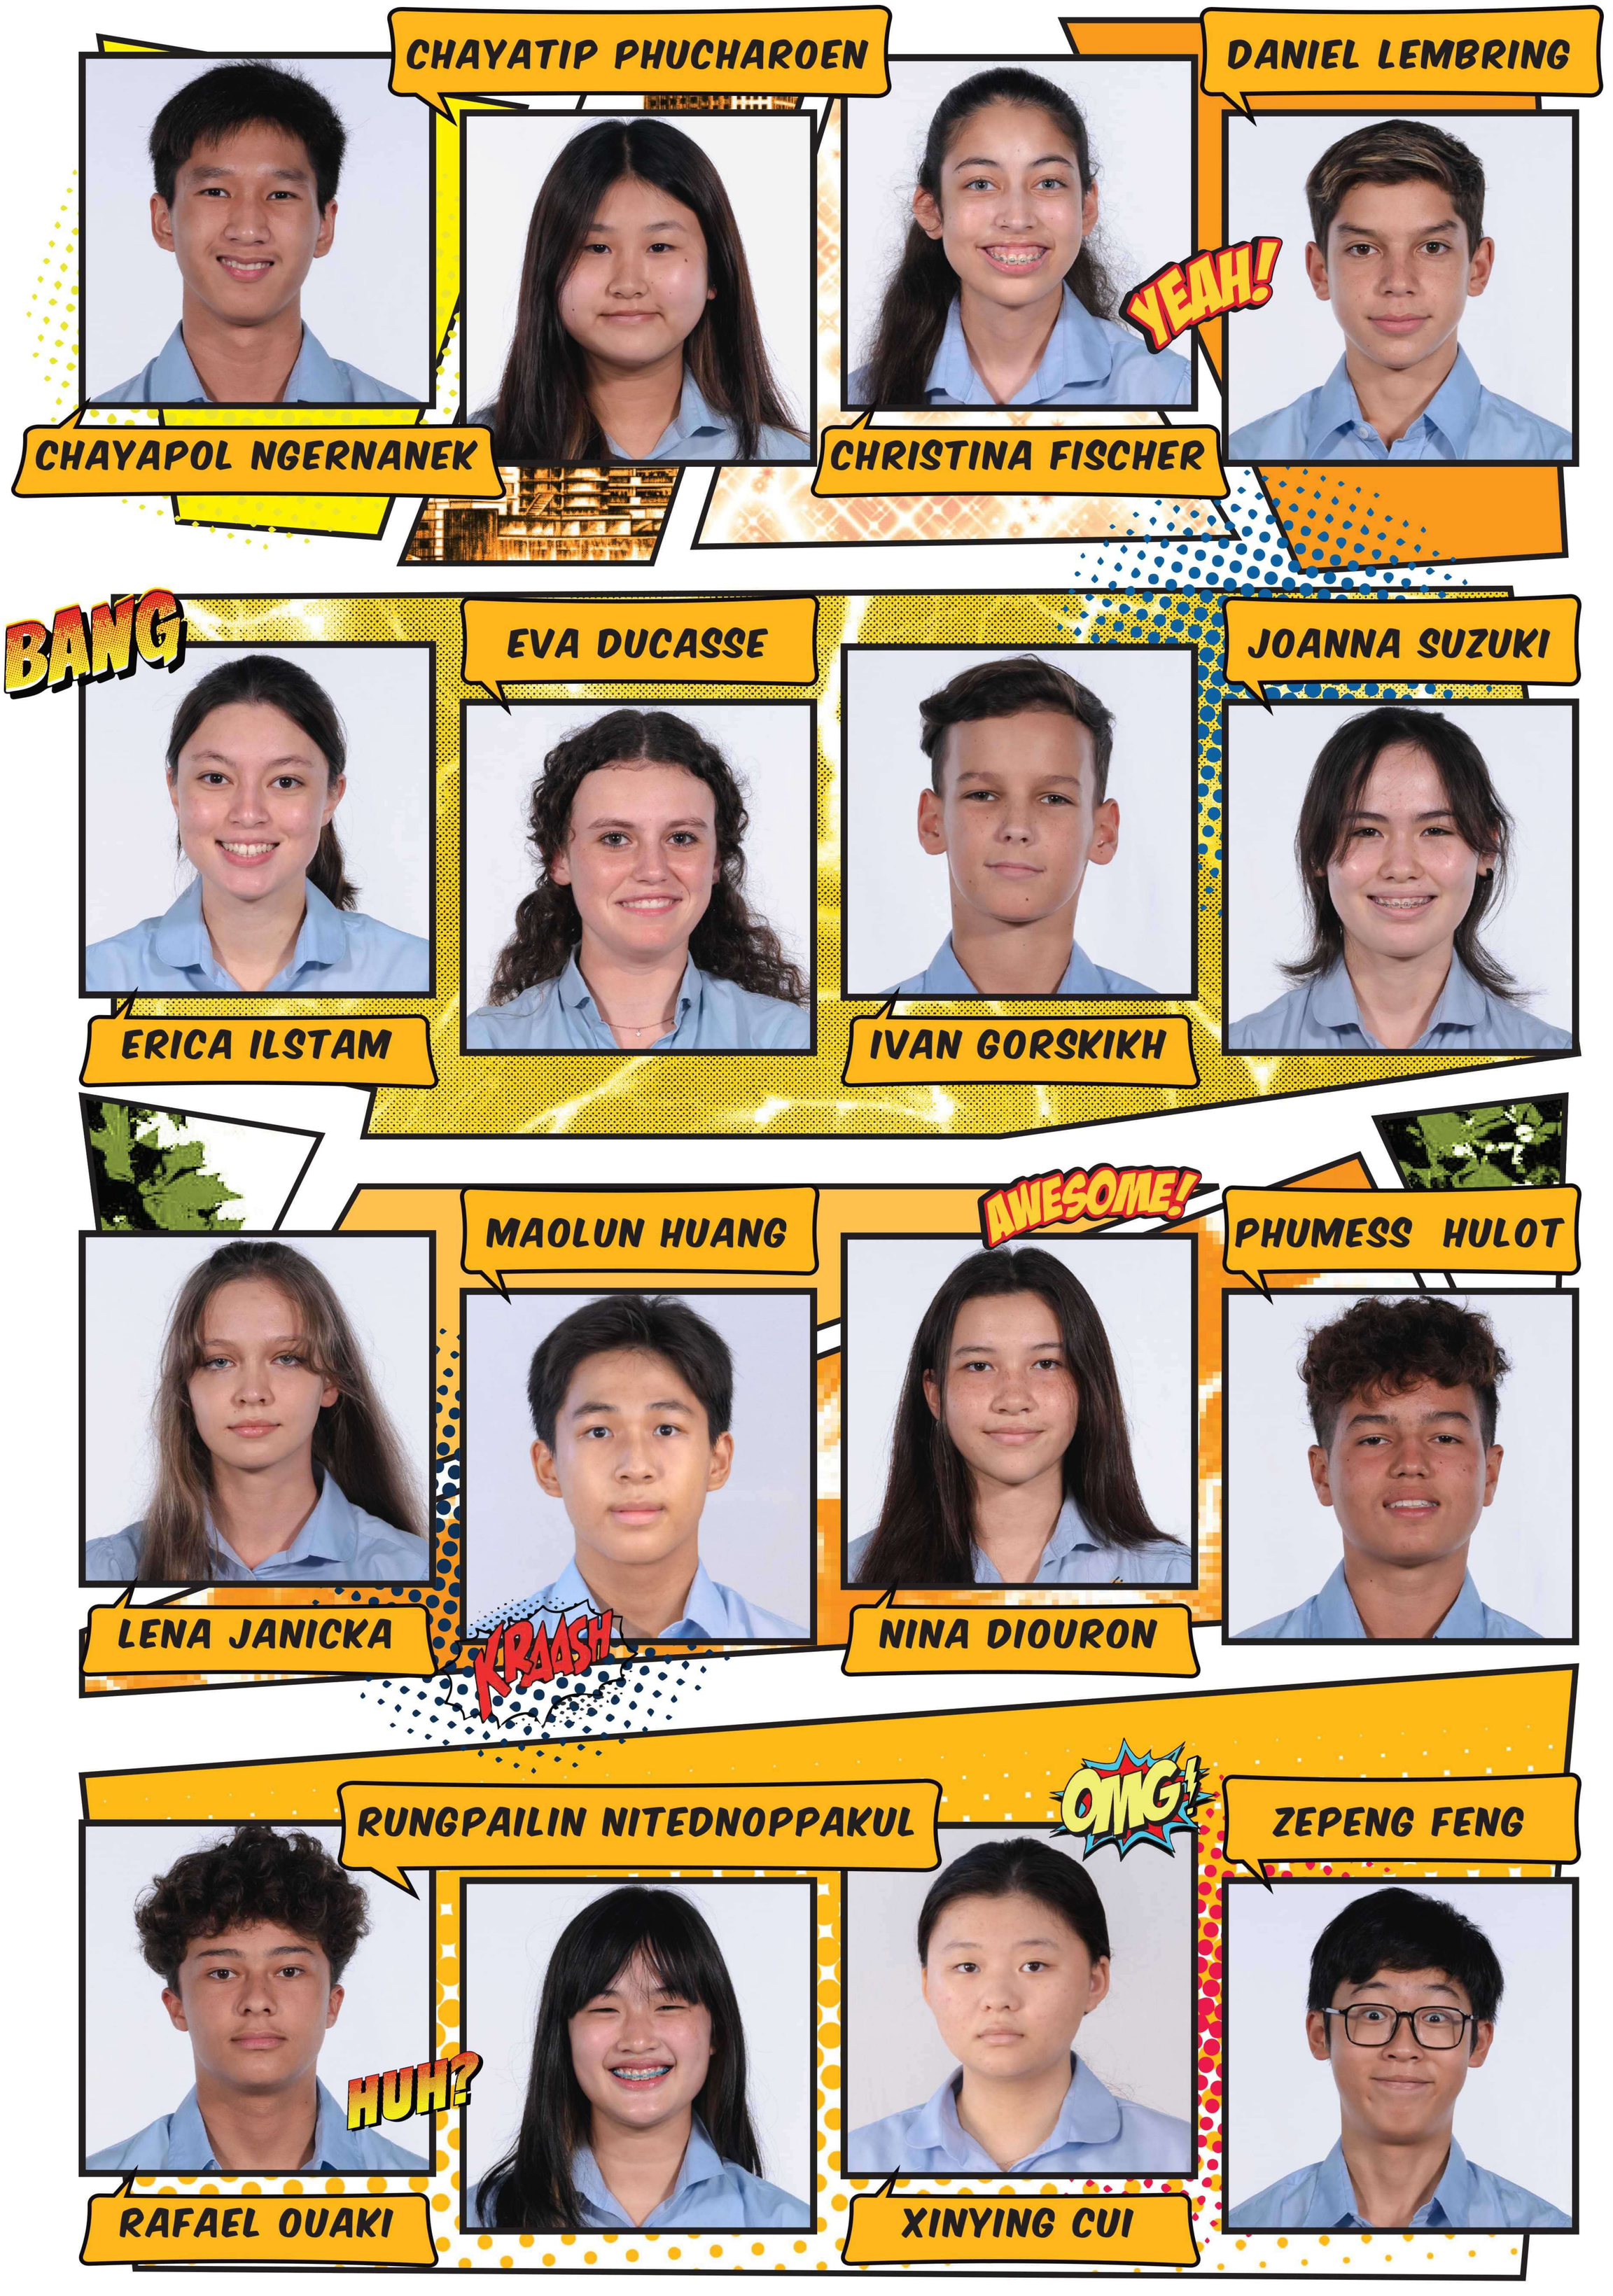

It was the strangest of circumstances in which I started as your Homeroom teacher - right in the middle of online teaching during a Covid-19 second wave! But gradually we got to know each other and I eventually was able to see your faces. It has been another very challenging year, but the class has shown great resilience working through the first year of the IGCSE. Highlights have included Sports Day, where the Phoenixes were undoubtedly robbed and also a character building Duke of Edinburgh expedition. I urge you to keep up your efforts as you move towards your exams and maintain a hope for more stable times.

YEAR 11 BLUE

Year 11 Blue, it has been a pleasure to be your Homeroom teacher this academic year, with sleepy mornings and music Fridays getting us in the mood for school. Throughout this year, I have seen you all mature and develop into responsible and resilient young adults who have shone with personality. Despite the challenges of this year, you have consistently brought energy and enthusiasm to the Homeroom, regardless of your sleepy days, and have achieved so much in so many ways. Our Homeroom is full of talented and kind young adults and it has been amazing to share in your sporting, academic and artistic success this year. Wishing you all the luck in your IGCSEs and the exciting futures you have ahead!

How strong you've been through your unique experience of Secondary education. I am proud of how the group supports each other emotionally, socially and academically and how most of the time you've completed the Homeroom tasks and activities with morning enthusiasm not always seen in people of your age. As we edge closer towards the exams, I know you will have revised and worked hard to show people how great you are and what you will achieve in the future. Good luck to all of you in the next stage of your lives whether you are moving on or staying at HeadStart. I know you will impress and succeed in the choices you make.

YEAR 13 WHITE

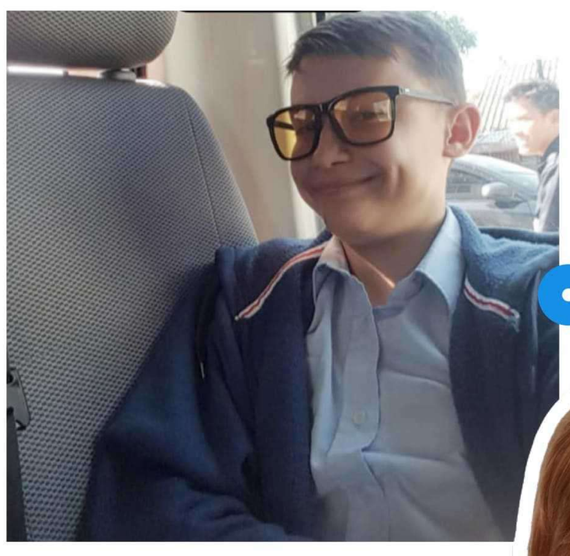

Daniel Portelli

Congratulations, not just for the grades, but for surviving and thriving in such uncertain and testing times. I am very pleased to have got to know you all as people and believe that the best times are yet to come from all of you. You will all stay in my memories as my first (and surely best!) HeadStart Homeroom. Now, it is your time, no more 8am form, no more teachers telling you what to do and where to be. The next chapter in your life is yours and your alone, make it a good one – no, make it an exciting one!

Dr. Daniel Portelli

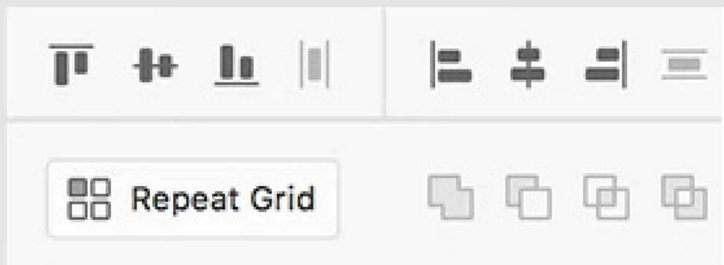

Year 13 White

Roman Girenko

You know, all that really matters is that the people you love are happy and healthy.

YEAR 13 YELLOW

Steven Finn

In August 2020, I met most of you at the start of your Sixth Form studies either in BTEC or A level. You are now coming to the end of your studies in school, and you have had many challenges to overcome during these Covid times. You are unique and the experiences you have had and these will be invaluable in your future studies. You are now in a position to become independent learners where you will need even more dedication and discipline to succeed. You will experience different people, surroundings and cultures wherever you may go. I would like to wish you all the best as you move onto the next chapter in your lives.

Mr. Steven Finn

Natalie Eichinger

I don't know if this was fun or just straight up annoying

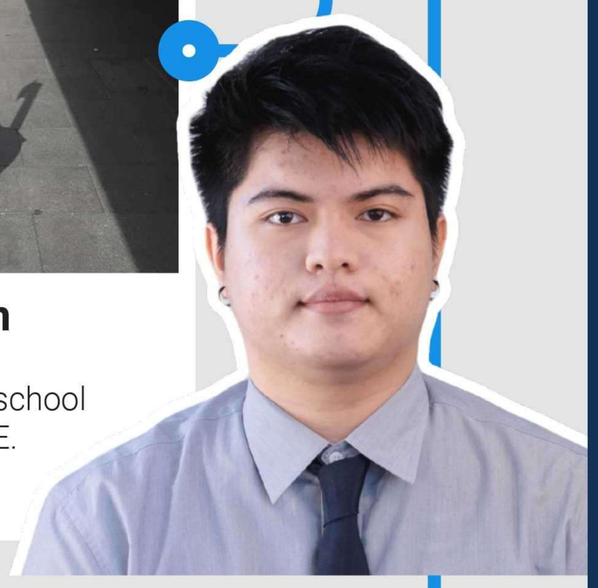

- Natalie & Anastasia

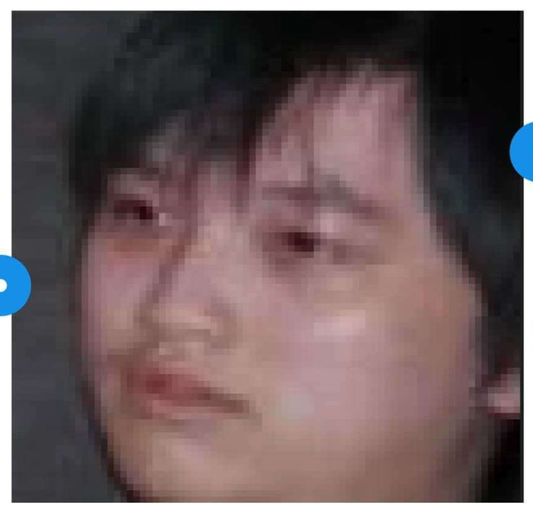

Paphavin Senpin

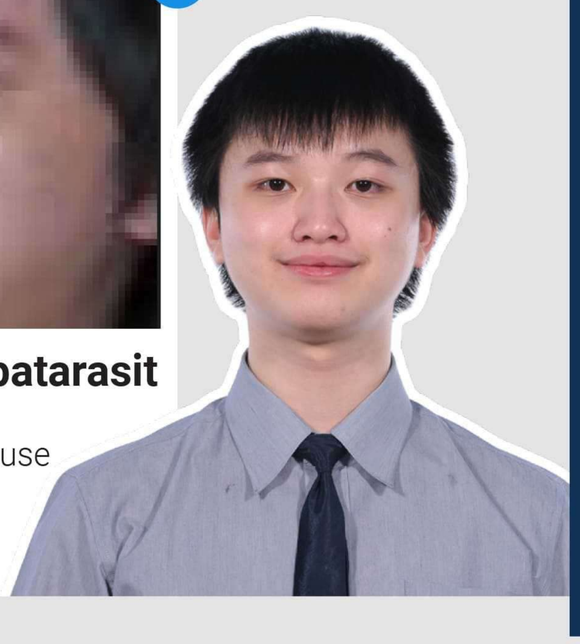

Some people excel in school and some excel in LIFE.

Teethabhumi Tripatarasit

You are not based because you ain't ballin' on that Windows 95 'puter.

We began our year in a sparkly new Sixth Form Study Centre, and this year, much like last year, I saw the sense of community continue to flourish. It has been a real honour to watch the graduating class of 2022 grow from the Year 12s I encountered at the start of 2020. As you now are all looking outwards to where you are headed I stand in awe of what you have achieved over these last two years. You saw your summer AS exams cancelled and had to study for the AS's in Novemebr 2021 whilst still learning the A Level material; you submitted approximately 150 university applications between you; when COVID allowed it, you continued to run Lunch Bunch and led whole school events such as Kindness Week to connect with younger students and raise awareness; you were industrious in finding ways to bring a little cheer to school through selling Christmas Candy Canes and Valentines Roses. The BTEC crew were also busy being entrepreneurs throughout the year making and selling cookies, brownies, cakes, (the best) tiramisu! Your AS and Year 12 BTEC results showed your academic mettle; we have no doubt such achievement will be repeated in the final A Levels and BTEC results. You have done well to ride the COVID wave and come out with such promise ahead of you. Thank you to Mr. Salmon, the Homeroom and subject teachers for their hard work and dedication in getting you to where you are now. Thank you to the student leaders, especially Calvin, Nutcha, Gemma, Esther, Sara, Anya and Sophie; you have played a huge part in making the Sixth Form what it is and in developing a culture of community amongst the student body across the school. It has been another momentous year and I will miss your energy and enthusiasm. Come back to visit and stay in touch.

Ms. Indu Bedi, Head of Sixth Form and Student Leadership
